March 30, 2020 - PRESSADVANTAGE -

The Glendale, Arizona based Law Offices of Gary L. Rohlwing are pleased to announce that they were recently recommended by Three Best Rated for being one of the best DUI Lawyers in the area. Given that Three Best Rated's goal, as suggested by their name, is to uncover the three best businesses or service providers in every industry within each city, their recent recommendation places the Law Offices of Gary Rohlwing quite high in the ranks of Glendale law firms. In practice, this means that drivers who are facing DUI convictions would likely stand the best chance of a successful resolution to their case if they chose to work with this firm.

According to Gary L. Rohlwing, of the Law Offices of Gary L. Rohlwing, the Arizona Court system is known for its penchant for taking a tough approach to DUI/DWI crimes. Should a driver be arrested and charged with Driving Under the Influence (DUI) or Driving While Intoxicated (DWI), their best option would be to get in touch with a DUI lawyer with a great deal of experience in this particular field. Now, as stated by Three Best Rated, any individual charged with a DUI/DWI offense can rely on the Law Offices of Gary L. Rohlwing to represent them with this degree of excellence.

In fact, as Three Best Rated comments on their website, Rohlwing "has personally handled over 3000 cases. Free initial consultations. Reasonable rates and Payment plans available. He can handle virtually any felony or misdemeanor case. Provides legal counsel to the entire state of Arizona including Phoenix, Peoria, Avondale, Goodyear, Scottsdale, Tempe, Chandler, Gilbert, Mesa, Tucson, Prescott and Flagstaff."

While he is pleased to receive recognition for his efforts, Rohlwing urges his clients to let his work speak for itself. He states, "I will be able to explain the rights you have and help try to avoid some of the severe penalties associated with the crime. I understand that you will have a lot of questions, and I will be ready and willing to answer any questions you may have and explain all possible outcomes. I will give the very best DUI legal defense representation." As an attorney, he is able to represent clients charged with Regular DUI, Misdemeanor DUI, Extreme DUI, Underage Drinking and Driving, and so on. Clients are welcome to visit the Law Offices of Gary L Rohlwing to inquire further.

Drivers should be aware that DUI offences carry severe consequences due to the fact that they have the potential to critically maim or even kill anyone caught in an accident whether the other party was at fault or not. This includes the driver of each vehicle, their passengers, and even pedestrians. As such, courts look extremely unfavorably on drivers who are charged with DUI/DWI offences, and prosecutors will do everything in their power to secure a successful conviction. This is why an experienced attorney is needed to defend the charged party, particularly one that is intimately familiar with DUI cases. Their job will be to investigate the details of the accident in order to determine a way to reduce their client's sentence and, if possible, have the charges dropped entirely.

According to Rohlwing, "A proficient legal representative for the DUI cases will be able to come up with an effective legal defense for your case. This is possible when the DUI attorney has an eye for observing the smallest of details. Analyzing and scrutinizing the details, and presenting the evidence in favor of the accused, are essential duties of the lawyer. Ultimately, it is the attorney who can help the accused in the troubled situation. Consequently, picking the right defense attorney is essential."

This is evident in the firm's client reviews. In their 5-Star review of the Law Offices of Gary L Rohlwing, Ernie Aponte explains that, "When other attorneys would not give us the time of day, Mr. Rohlwing was honest about how legally weak our circumstances yielded, and he came through for us anyway, in a timely manner. The guy is a genius!"

Those who wish to learn more about the firm and how they may help overturn a DUI/DWI charge are welcome to reach out to Gary L. Rohlwing for further details. More information can also be found on the firm's new website.
