JackpotCandles.com, a candle business based in Amherst, NY, wants to help people hang on to summer a little longer by releasing a number of fresh summer scents for their array of jewelry ring candles. As usual, each of their candles contain a piece of jewelry that is revealed after they have been used up.

Nicole Szymanski, spokesperson from JackpotCandles.com, says, "Summer never lasts long enough, but you can stretch it that little bit more by surrounding yourself with some of our summery scents. Take a look at our full line of candles by [clicking here](#)."

Some of the summery scents that have been released include pina colada, ocean breeze, watermelon, Georgia peach, citronella, and mixed berry. The company's website also lists the specific attributes of these scents. This ensures that anyone should be able to find the scent that is just right for them.

What sets Jackpot Candles apart from the norm, is that each candle includes a piece of jewelry. "See what some of our customers have found in their candles!" adds Nicole Szymanski. "Each piece of jewelry can be appraised on our website and the real jackpot is the piece worth \$5,000. Our candles, clearly, do not just

smell great, they are fun and exciting as well. As the piece of jewelry starts to get revealed, the tension will really mount."

The company also has regular giveaways. They use various social media tools to promote their candles and encourage people to sign up to their mailing list and like or follow their social media profiles to be kept up to date on more promotions. Nicole Szymanski says, "Like us on Facebook to find out about our giveaways first. You have to be in it to win it, and we give away free candles every month. Our free candles also include the piece of jewelry, so you could just win yourself the \$5,000 piece for free."

All Jackpot Candles are 100% soy premium candles that are made in the USA. This guarantees their superior quality in both burning and scent. Available in a huge range of different scents, there is something there for everybody.
