

Las Vegas Fencing Contractors Install Barrier Access Controls At Creech Air Force Base

May 18, 2020

May 18, 2020 - PRESSADVANTAGE -

Las Vegas, Nevada based fence company A1 Fence LV is pleased to announce that they have recently finished installing barrier access controls at Creech Air Force Base. The Las Vegas fence company provides commercial, residential and industrial fence installations and repairs in Las Vegas and the surrounding areas.

Located 46 miles northwest of Las Vegas, Creech Air Force Base is a United States Air Force (USAF) command and control facility in Clark County, Nevada. It is used to engage in daily Overseas Contingency Operations. In addition to serving as an airport, the military installation also has the Unmanned Aerial Vehicle Battlelab, associated aerial warfare ground equipment and unmanned aerial vehicles of the type used in Afghanistan and Iraq. Creech is the aerial training site for the USAF Thunderbirds and is one of two emergency divert airfields for the Nevada Test and Training Range. A1 Fence LV installed barrier access controls at the air base for its 42-foot barrier gate opening.

Eli Maciel, owner of A1 Fence LV, says, "When a United States Air Force command base hires you to do a job for them, you just can't help but be proud. At A1 Fence LV, we have made it our utmost priority to give high quality fencing services to every single one of our clients, and the fact that we can now name the Creech Air Force Base is one of the best things that has happened to A1 Fence LV. The fact that Creech Air Force Base reached out to a local fence contractor like us means that we're doing something good, it's a mark of the quality and reliability of our company."

In addition to installing barrier access controls and other such high-security fencing, A1 Fence LV is well-known for their home security fencing services. As Maciel says, "When it comes to home security, a well-built fence is your first line of defense. Having a quality fence is the first step you should take to maintain your family's personal safety. A quality residential fence made with premium grade materials is vital to defeating unwanted visitors while allowing your family to enjoy the peace and comfort of your backyard. At A1 Fence LV, we are all about providing you with that safety."

Whether homeowners are interested in simple board-on-board wood privacy fences or something a little more ornate, A1 Fence LV maintains the policy that no job is too small. The company is proud to state that they are suited to taking any and all residential fence projects. A1 Fence LV has built up a national network of suppliers that allows them to tackle the most creative residential fence designs without much hassle.

The quality of services provided by A1 Fence LV has allowed the company to rise to prominence as a reliable fencing contractor in Las Vegas. On the Google platform, A1 Fence LV has a rating of 4.5 out of 5 Stars. In a recent review, Richard Nichols says, "These guys are professional. Did a great job on installing a fence around my pool. Had the job completed in just a few days. Out of four quotes, they were the best. Eli did a great job explaining the process to me during the quote. No one else did that."

Meanwhile, in another review, Melissa Brown shares, "I would highly recommend A1 Fence. I worked with Eli on a rail over the length of my back patio and adding a gate to my side yard fence. Him and his crew were friendly and professional. They did a beautiful job on the rail and I love my gate. We had a miscommunication during the project, and it was handled quickly and within the quote. Problems come up, but it's how you handle them that matters to me. Eli and his crew handled it perfectly."

In another review, Daniella Cardenas explains that, "A1 Fence saved us. I had an HOA violation to repair and replace our fence/gate at Red Rock Country Club. Eli came out, gave us an outstanding quote and did an amazing job. Friendly, professional and always easy to get a hold of, and most of all, he understood the time frame that this project had to be completed by. Even though he was getting married that weekend, he still made sure the job was taken care of. Great guy! Great company! Great employees! Therefore, I received a great job!"

Those who want to learn more about the fencing contractors and the various services they provide can find more information on the A1 Fence LV website. Additionally, the company encourages interested parties to get in touch with Eli Maciel directly via email, phone or, alternatively, the contact form on their website.
