

Certified Automotive Repair Shop In Pensacola Offers 2 Year/24,000 Mile Warranty

August 28, 2015

August 28, 2015 - PRESSADVANTAGE -

Able Auto Repair LLC, an auto repair shop in Pensacola, FL, is now offering a 2 year or 24,000 mile warranty on most repair work that they offer. Not only are they known as a hybrid car repairs Pensacola business, but they are also able to work with any other type of vehicle. Additionally, they offer a range of preventative services.

"All our employees are fully qualified mechanics, some with extra qualifications in specific types, makes or models of vehicles," says Chris DeLoney from Able Auto Repair. "We only deliver quality work and to prove this, we now offer a full warranty on most of our work."

The Pensacola auto repair shop is also a Certified Automotive Repair Center. This means that if someone is out of the Pensacola area but runs into trouble, they are able to telephone a toll-free number for help. The company will then direct them to the closest repair facility that would be able to assist them with their particular problem or vehicle.

The company was founded in 2007 by two friends who have had a lifelong passion for vehicles. Ron

Schemmer, one of the founders, grew up around classic cars and helped his father build sprint car engines. This provided him with an appreciation of every type of vehicle, and he quickly came to understand that the life and performance of any truck or car can be extended with proper care and attention.

"I spent years watching my dad in his seven NAPA stores and his machine shop as a child," says Ron Schemmer. "These experiences showed me how a business should be run and what customers expect in terms of care and attention. After working in Ford and Chevrolet dealerships, where I received my Ford Master Tech and ASE Level II Master Tech Certification, I decided it was time to get into my father's footsteps and start my own business."

Since starting Able Auto Repair LLC in 2007, Ron and Chris have built a reputation as being one of the most trusted service providers in the Pensacola area. They always look for ways to improve their service and further increase their customers' trust.
