

Diamond Rock Spring Water Provides Spring Water, Coffee and Tea

June 12, 2020

June 12, 2020 - PRESSADVANTAGE -

Ridgefield Park, New Jersey based bottled water supplier Diamond Rock Spring Water is pleased to announce that they are continuing to offer spring water, coffee and tea to their customers. While the company has taken safety measures to combat the current pandemic, their customers may expect an uninterrupted service.

Richard Picinich of Diamond Rock Spring Water says, "In times like these, when everything is stressful, it is important to be able to have a good glass of water to drink. Beyond that, you cannot understate the positive effects you stand to gain from a good strong cup of coffee or a soothing cup of tea. We're glad to say that Diamond Rock Spring Water is able to continue to provide our services to our customers and help them stay refreshed. While we have changed our hours of operation, Diamond Rock Spring Water continues to be open for both walk-ins and delivery."

The new hours for Diamond Rock Spring Water will be 8am to 3pm Monday-Friday & 9am to 1pm on

Saturdays. The company does ask that customers order the exact amount of empties that they possess as they are unable to add additional bottles at this time, as there is a shortage of bottles.

Diamond Rock Spring Water Company is a family owned-and-operated business that has been active since 1994. The source of the company's natural spring water is a pristine area in the Kittatinny Mountains protected by land preservation. The company is proud to state that their water is Government tested, FDA approved and licensed by the NJ State Department of Health. The company offers customers 8oz., 16.9oz., 1 Liter, 1.5 Liter, 3 gallon, 5 gallon and single gallon cases of natural spring water. In addition, they offer distilled water in 5gal. or single gallon options. Diamond Rock is also a direct distributor of all Keurig K-Cups and Brewers. The company offers at least 140 different brands of K-Cups.

Picinich says, "Both my father, the owner of Diamond Rock Spring Water, and I share an ongoing philosophy: we want to make sure that each and every single one of our customers has access to quality products, competitive pricing and personal service. As such, if you call us during business hours, we guarantee that you will always be able to speak to one of our well-trained customer service personnel and ensure that whatever issue you are facing is resolved."

Diamond Rock Spring Water exclusively serves the Bergen, Hudson, Essex and Union County areas. The company explains that focusing on a few select counties allows them to give undivided attention to each and every one of their customers.

The quality of the products and the dedicated service provided by Diamond Rock Spring Water have earned the company a strong positive reputation in the local community. On their Google Maps Listing, the company has a rating of 4.6 out of 5 Stars. Shoshana P. says in her review, "The staff is amazing! We have our water/coffee delivered to our office. They are prompt and courteous, and the price is great! We have also bought our machines from them, and they have given us the best pricing for that as well. Highly recommended!"

In another review, David Js Francisco writes, "I have been a customer for 10 years. I visit Diamond Rock frequently to pick up my spring water and coffee. The quality of service and their products surpass all other vendors. I have also had deliveries of both water and coffee to my home. After reading the negative comment about Diamond Rock and its owners/staff, I strongly disagree. Yes, misunderstandings may occur, but Diamond Rock has always had the customers satisfaction and interests in mind."

Those who want to learn more about Diamond Rock Spring Water and their services are welcome to visit the company's website to get started. Additionally, they encourage interested parties to get in touch with Richard

Picinich directly via email or phone. The company can also be reached through the contact form on their website, and Diamond Rock Spring Water maintains a presence on Facebook where they frequently post updates, share media and communicate with their customers. More information can also be found at Diamond Rock Spring Water's GMB Website.
