Furry Friends Gear Gives Away VARRAM Pet Fitness Robot

June 12, 2020

June 12, 2020 - PRESSADVANTAGE -

Furry Friends is pleased to announce the launch of their VARRAM Pet Fitness Robot giveaway. The Lehigh Valley, Pennsylvania pet product reviewer and blogger will select one winner from those who register through their online application form. To enter the giveaway sweepstakes, one need only complete the online form on the Furry Friends website.

Varram is touted to be the "next generation smart toy for dogs." It is designed to keep pets healthy by playing with them. The robot zooms around the room, encouraging the dog to chase it and stay in motion. The robot also dispenses treats. This is an easy way to keep one's dog busy, happy and engaged all day. Aside from its treat reward system, the robot also features a scheduling system that can automatically begin play times, an automatic AI driving system, activity and health tracking, a customizable pet profile and mental and health care.

"We know you might not always be able to play with your pet as often as you'd like," says Furry Friends Gear, "and we know play time is extremely important for pets, both for their physical and mental wellbeing. The VARRAM Pet Fitness Robot is a great way to keep your pets active and engaged all day long, even

when you cannot personally be there to play with them. We are giving one away to one lucky pet owner, and all you have to do to be in the running is apply online before the end of June 2020. Any pet owner is eligible, with the exception of Furry Friends Gear employees.?

Furry Friends has already reviewed the VARRAM Pet Fitness Robot, and other users have done so as well on various platforms. ?I really was glad to find the VARRAM Fitness Robot,? says the Furry Friends review. ?It has really helped out because I no longer worry about my dog?s separation anxiety and loneliness during the day. I know that I am doing my best to provide him with the mental and physical stimulation he needs when I have to go to work. If your dog is like mine, where he gets into a destructive mode when I am gone, then it is vital that you address it. Furthermore, even if my dog didn?t destroy things, I certainly don?t want my dog to feel lonely or depressed either. Leaving your pooch in a kennel all day can just feel like torture for them. Furthermore, options like doggie daycare aren?t really an economical choice for many of us. Therefore, having an affordable distraction is the best way to help them through it.?

Furry Friends helps dog and cat lovers find the information they need for the best pet products available today. The site has dozens of reviews of quality pet products, covering both dog and cat toys. The site also offers advice on how to take care of furry pets. From apparel to carriers and travel to collars, leashes and more, the site has reviews and suggestions pointing to the best pet products around. Furry Friends often does similar giveaways, and one can read about their previous dog product giveaway online.

The site is mainly dedicated to dogs and cats. ?Get the best for your dog,? says Furry Friends. ?Getting the best dog products for your pets is a must. Here, you will find a collection of guides that the Furry Friends Gear team has created to help you decide which dog products are the best for your needs. If you don?t see a particular category or product review, contact us and make a suggestion! We are always looking for product ideas to review.?

The cat side of the site features equally informative reviews of products for cats.

Furry Friends cares a lot about pets and seeks to ensure that pet owners know what products will make their pets happiest. The site is run by a team of experienced pet owners who know exactly what it is like to have a pet and what it means to truly care for one?s furry friends. The Furry Friends blog offers information like what dogs can and cannot eat, whether or not one can transport a small dog in a car and much more. To get in touch with Furry Friends, visit their Facebook page and other online resources.
