

Soulmutts Toronto Provides Premier Dog Daycare and Boarding Services in the Heart of Toronto

January 31, 2025

TORONTO, ON - January 31, 2025 -

Toronto, ON ? As Toronto?s bustling city life keeps pet owners busier than ever, finding reliable and professional dog boarding is essential for ensuring pets receive top-quality care in a safe and engaging environment. Soulmutts Toronto, a trusted leader in professional dog boarding in Toronto, provides a home away from home where dogs can socialize, exercise, and receive expert care while their owners are away. Located in the vibrant Leslieville neighbourhood, this premier facility has been serving Toronto?s pet community since 2008, offering spacious play areas, personalized attention, and a commitment to each dog's well-being?making boarding a stress-free experience for both pets and their owners.

Soulmutts Toronto redefines what dog owners can expect from daycare and boarding services. The company has built a reputation for providing a safe, stimulating, and caring environment for dogs of all breeds, sizes, and temperaments. Whether it?s a day of fun-filled play or an overnight stay, Soulmutts prioritises the well-being and happiness of every furry guest.

?At Soulmutts, our philosophy is simple: dogs thrive in an environment where they can play, socialize, and rest comfortably under the watchful eye of experienced caregivers,? explains the team at Soulmutts Toronto..
For dog owners who want the best for their pets while at work or running errands, Soulmutts? daycare service is second to none. The facilities offer 4,500 square feet of spacious indoor play areas and downtown Toronto's largest outdoor play area. These custom-built spaces allow dogs to engage in off-leash play, exercise, and socialisation in a safe and supervised environment.

Dogs are grouped based on size, temperament, and play style, ensuring every pup feels comfortable and engaged. Smaller dogs even have the option of a private play area, though they are always welcome to socialise with the larger pack.

?At our daycare, dogs don?t just sit and wait?they thrive. We focus on providing physical and mental stimulation to ensure they leave happy and tired,? says the Soulmutts team.

Soulmutts Toronto takes boarding to the next level by combining comfort, safety, and individualised care. The company understands that leaving a pet overnight can be stressful for owners and dogs alike, so its boarding services are designed to make dogs feel like they?re part of the Soulmutts family.

Boarding dogs enjoy the same facilities as daycare guests, including spacious play areas and a custom-built feeding room. Each dog receives individual attention, and feeding is done in private stalls to accommodate specific dietary needs.
?Our boarding services are an extension of the care we provide during the day. Dogs play, rest, and relax just as they would at home, making the transition seamless for both dogs and their owners,? the team shares.

A typical day at Soulmutts starts with the excitement of off-leash group play in one of the facility?s expansive play areas. Whether running, chasing, or lounging with friends, dogs are constantly engaged in supervised activities that match their energy levels and personalities. After a morning of play, pups enjoy rest before gearing up for another fun round.

Soulmutts Toronto takes every precaution to ensure the safety and well-being of its canine guests. Before joining the pack, all dogs must be fully vaccinated, well-socialised, and free from aggression. Each new dog undergoes a trial assessment to ensure it fits the environment well.

Soulmutts Toronto offers flexible drop-off and pick-up times and operates 365 days a year to accommodate busy dog owners. Whether one's pup needs daycare for the day or boarding for an extended trip, Soulmutts provides peace of mind and a second home for one's furry family member.
