No matter what your issue is we can diagnose the issue, recommend a treatment, and get you on the road to better oral health and a more confident smile!?

A review by Jessica in Super Pages says ?I was super impressed with the Dr. Kacel, Sebina and Kim and their first-rate service. The Kor whitening system that I used was unbelievably effective in whitening my teeth, which were virtually brown from tetracycline use as a child. Having white teeth after over 50 years of living with severely stained teeth, has boosted my self-confidence and, in fact, changed my life for the better. I am truly amazed at the result and greatly appreciative and grateful that this Kor system was recommended to me by a friend. The process was easy, painless, and worth every penny. Thank you soooo much!?

A review by Sandy W. in Yelp says ?Everyone in Dr. Kacel's office is warm, welcoming, and above all professional. The front office staff was professional and highly attentive to CDC guidelines. Rosemary was cheery and engaging as well as professional. Dr. Kacel is always friendly as well as professional. I felt completely at ease that I was in the hands of professionals who were upholding CDC guidelines and ensuring my health and safety in addition to facilitating my healthy smile!?
