

Long Beach Tree Service Company Tree Service Experts Long Beach Add New Services

December 21, 2020

December 21, 2020 - PRESSADVANTAGE -

Tree Service Experts Long Beach, a leading tree service company in Long Beach, California, has recently added new services to its extensive list of offerings. The local tree service company added these new services in order to serve their growing customer base of homeowners and business owners better with needed services. Currently, the team prides itself on tree removal services that are affordable, reliable, and of the highest quality.

More information about the company can be found on their website here: <https://www.thelocaltreeexpert.com/ca/long-beach/>

Company Representative, Dorio Alanakis, said, "There is a growing demand for quality tree care in the area, which is why we made the decision to add new services to Long Beach. It is a well-populated region with many trees for us to provide care and preventative maintenance services to those in need."

Homeowners and property owners with trees near their homes and buildings may want to consider having those trees inspected by professionals to know the level of risk the trees pose to property and humans. Trees can unknowingly be diseased and potentially too weak to withstand a storm. A strong storm at the right time can possibly cause weak and diseased tree limbs to fall on buildings causing damage or hurt individuals nearby. Tree Service Experts Long Beach, with their Certified Arborist, can diagnose diseased trees and offer solutions.

The company's arborists are certified by the International Society of Arboriculture (ISA). To earn an ISA certification credential, arborists must be trained and knowledgeable in all aspects of arboriculture. ISA Certified Arborist have to meet all requirements to be eligible for the exam, which includes three or more years of full-time, eligible, practical work experience in arboriculture and/or a degree in the field of arboriculture, horticulture, landscape architecture, or forestry from a regionally accredited educational

institute.

Company Representative, Dorio Alanakis, stated, "We have the experts on staff and can effectively analyze trees that may be stressed for one reason or another. Our certified arborists can not only identify what is stressing a tree, but also offer solutions to bring the tree back to overall good health. While it is our goal to save every tree we can, sometimes removal is necessary. In those cases, we will always use the most up to date and safest methods available."

According to Tree Service Experts Long Beach, on average, homeowners and property owners can expect to spend between \$250 and \$550 on the removal of a single tree. The amount they will have to pay will be largely dependent on how long the job takes and how difficult it is to safely remove the tree. Tree removals in areas featuring underground utilities or buildings nearby often cost more. In the case of multiple trees being removed it is typical to receive a discount since all the equipment required for the job is already on site, according to the company.

Tree Service Experts Long Beach is located at 3229 E Spring St, Long Beach, CA 90806. Those interested in scheduling a consultation or to speak with customer support staff should call the company at 310-905-5308. Contact requests can also be made by visiting the company website and completing the online contact form.

The amount you will have to pay will be largely dependent on how long the job takes and\r\nhow difficult it is. Tree removals in areas featuring underground utilities or buildings nearby often\r\ncost more.\r\n\r\nIf you have several trees that you would like to get rid of, you should be able to get a discount\r\nsince the tree removal crew and the necessary equipment are already on your property.\r\n\r\nSmall Tree Removal Cost\r\n\r\nIf you would like to remove a tree whose height does not exceed 30 feet, you should expect to\r\nspend between \$100 and \$300. Being the easiest to remove, small trees feature the lowest tree\r\nremoval cost. Examples of trees classified under the \u201csmall tree\u201d category include:\r\n\r\nOrnamental pear\r\nSilver birch\r\nCorkscrew hazel\r\nHawthorn\r\nApple trees\r\nMedium Tree Removal Cost\r\n\r\nIf your tree stands at a height of 30 to 60 feet, expect to spend \$300 to \$700 on its removal. Trees featuring medium height include:\r\n\r\nElm, with a height of 40 to 60 feet\r\nMaple, featuring a height of 40 to 60 feet\r\nLinden, standing at 60 to 70 feet\r\nHornbeam, having a height of 20 to 40 feet\r\nLarge Tree Removal Cost\r\n\r\nTrees with an average height of 60 to 80 feet cost between \$700 and \$1,100 to remove. Examples of trees classified under the \u201cLarge\u201d category include:\r\n\r\nZelkova, with an average height of 50 \u2013 80 feet\r\nOak, which is 70 to 80 feet tall on average\r\nVery Large Tree Removal Cost\r\n\r\nTrees standing at 80+ feet cost between \$1,100 and \$1,800 to remove. This is understandable considering that huge trees require more sophisticated equipment and more experienced personnel. Some of the trees that feature a height of above 80 feet include:\r\n\r\nPine, standing at 80 to 100 feet tall\r\nTulip, with an average height of 70 to 90 feet"}}, {"@type":"Question", "name":"How Soon Can You Cut Down a Tree?", "acceptedAnswer":{"@type":"Answer", "text":"A wide range of reasons can necessitate the removal of a tree. The most common reasons\r\ninclude:\r\n\r\nDead or Dying Tree\r\n\r\nDead trees often turn into eyesores. Getting rid of these types of trees can help improve your property\u2019s appearance.\r\n\r\nObstructed View\r\n\r\nIf the tree is making your driveway less visible, investing in the tree\u2019s removal may be a good idea. Removing the tree will help reduce the chances of an accident.\r\n\r\nSafety Hazard\r\n\r\nStorms do destabilize trees and turn them into safety hazards. If this is the case with a tree close to your home, you should invest in its removal as soon as possible.\r\n\r\nDamage to Utilities\r\n\r\nTree roots are known to cause damage to underground utilities. Some roots may even damage your home\u2019s foundation. To fix these issues, considering tree removal may be a good idea."}}}, {"@type":"Question", "name":"How Much Does Tree Service Cost in Alabaster?", "acceptedAnswer":{"@type":"Answer", "text":"The tree service cost in Alabaster varies depending on the type of service you want. Since we have already looked at the tree removal cost, below we will look at

the average cost of other tree services:

Tree Trimming and Pruning Cost

Hiring a professional to trim/prune a single tree can cost anywhere between \$80 and \$1,000+, with the typical price range being \$250 to \$500. Expect \$80 for your small tree, \$175 for the medium-sized tree, and about \$250 to \$1,000 for a tree featuring a height of over 50 feet.

Note: Things like diseases, accessibility, pests, etc. can also affect the tree trimming cost insignificantly.

Stump Removal Cost

The average stump removal cost ranges between \$60 and \$350 per stump depending on various factors such as accessibility, type of tree, and most importantly, stump size. If you have a large stump featuring extensive roots on your property, you should expect the complete stump removal cost to be on the higher end.

If the cost of completely removing the stump is out of your affordable range, you can opt to grind the stump. In Alabaster, stump grinding costs an average of \$100 to \$150. The per diameter inch cost ranges between \$2 and \$4.

Arborist Service Cost

If you need the arborist to help with trimming a small palm tree, \$75 can get the job done. If, however, the arborist has to help with the removal of a 100-year-old oak tree, the cost can be as high as \$5,000. On average, however, most arborist services will cost between \$375 and \$1,500."}}}}
