

Pinnacle Peak Recovery Opens Detox Treatment Center

December 21, 2020

SCOTTSDALE, AZ - December 21, 2020 - PRESSADVANTAGE -

Scottsdale, AZ: Pinnacle Peak Recovery is capping off five years serving people with alcohol and substance use disorders by expanding to offering detox services this month. When the doors open, the new location, conveniently located in Scottsdale, will offer room for up to 10 men and women.

Tyler Tisdale, Pinnacle Peak Recovery's founder and owner, said the move was driven by a desire to streamline services for clients.

"Detox services were an opportunity to add that level of continuity of care. It is key to keeping a client's experience in line with Pinnacle Peak's mission to offer clinical excellence with compassionate care and a family feel," Tisdale said. "It's exciting to offer this new level of care to clients."

Tisdale said most clients are seeking assistance with alcohol, fentanyl, and prescription medications. Medications that are recognized in assisting the detox comfort process for withdrawal symptoms, as well as medication assisted treatment (MAT), are available if deemed medically appropriate by the medical staff.

Pinnacle Peak Recovery has a homelike setting and will provide 24/7 care staffed by behavioral health technicians, licensed nurses, and daily medical providers supervising clients during their detox experience. In addition, each client will be assigned a case manager who will conduct daily sessions to meet client needs and plan aftercare.

Patients can complete safe physical detox from most substances, including alcohol, prescription drugs, and illicit drugs in three to seven days in an environment designed to be welcoming and comfortable.

Safety is paramount and the facility has video security monitoring for added peace of mind.

On-site modern amenities include:

Private bathrooms and comfortable beds

Electronic devices with some restrictions

Chef-prepared organic meals

Outside patio and large outdoor landscaped grounds

Pool, volleyball court, movies

Scheduled family visits
