
Alterra Landscape Design Transforms Sloped Backyard into a Backyard Oasis in Dallas, Texas

May 08, 2025

Richardson, TX - May 08, 2025 -
Dallas, TX - Alterra Landscape Design, a premier landscape design firm, is proud to announce the successful completion of a remarkable backyard renovation for homeowners in Dallas, TX, as highlighted in a review by satisfied client, Natalie Bracamontez.

Tyler, the visionary lead from Alterra, and his team demonstrated exceptional skill in transforming what was once an underutilized and challenging sloped backyard into a luxury functional outdoor space. ?We got quotes from a few companies, but chose Alterra because Tyler really listened to our wishlist and brought it to life. He worked with us to stay close to our budget, and what was quoted as a 3-week project was impressively done in just 2," Bracamontez shared. "We had a pretty sloped backyard with two different patio styles, and they transformed it into a beautiful, cohesive three-tier space. The top tier is a massive patio with concrete pavers. The middle level is now flat and safe for our kids to play, and we even added a mini putting green at the bottom."

The project, spanning several tiers, includes a massive patio for entertainment, a dedicated play area for children, a mini putting green for the golf enthusiasts, and aesthetically pleasing landscaping that requires minimal maintenance. Exceeding Expectations: The process was marked by smooth organization, timely delivery, and unexpected efficiency. "What was quoted as a 3-week project was impressively done in just 2," Bracamontez said, highlighting Alterra's commitment to not only meeting but exceeding client expectations. Alterra worked with Natalie to find affordable products that fit our budget and expressed their patience and absolute care for the project result.

Creating a Living Experience: The transformation went beyond mere aesthetics, enriching the family's daily life with a space tailored to their needs. They've enjoyed the backyard every day. With the addition of the patio, play area, and putting green, their use of this space has increased significantly.

The three-tiered design incorporates sloped retaining walls, creating defined areas for different activities, including a Social Hub: A massive, multi-use patio with ample space for hosting outdoor parties or simply lounging. Child?s Play: A secure playground where children can safely explore, giving parents peace of mind and freeing up space indoors. Personal Recreation: A mini putting green provides an enjoyable activity for golfers of all skill levels.

Effortless Maintenance: The landscaping was crafted to be both stunning and low-maintenance, adhering to the family's desire to enjoy their space without being bogged down by upkeep. Alterra designed it all so that the plants and grass would thrive with minimal effort on the family, ensuring that the beauty of the yard would persist without becoming a burden.

Client-Centric Design: What sets Alterra Landscape Design apart is their client-centric approach. The team took the time to understand what was envisioned for the backyard and made it a reality. Alterra's thoroughness in listening, planning, and executing allowed them to create tailored solutions, staying within budget constraints while delivering quality far beyond expectations.

Alterra Landscape blew minds with the results. Their landscaping designs are truly unparalleled, and everyone was so happy to have chosen them.

As part of their commitment to excellence and continuous improvement, Alterra Landscape Design aims to broaden its portfolio, showcasing even more innovative designs and personalized outdoor living experiences in the Greater Dallas area.

For over 20 years, Alterra Landscape Design has been at the forefront of transforming outdoor spaces in the Dallas-Fort Worth area. With a dedication to exceptional service, understanding client needs, and creating sustainable, beautiful environments, Alterra has solidified its place as a trusted name in landscape design.
