

Auburn Residents Set to Get Reliable Roll-off Bin Rentals from Demarco Dumpster

February 04, 2021

February 04, 2021 - PRESSADVANTAGE -

Leading dumpster rental service Demarco Dumpster announced the company is ready to deliver reliable roll-off bin rentals to residents of Auburn, NY, and all the surrounding communities.

According to the company's founder and current CEO, Mr. Anthony Demarco, Demarco Dumpster is all set to deliver reliable roll-off bin rentals to homeowners, businesses, contractors, and communities in Auburn, NY, and that the company was excited to branch out to Auburn. Dmr. also mentioned that the company is not a new establishment but has earned itself a name as a reliable dumpster rental company in Cicero, Baldwinsville, and surrounding areas.

During the interview, Mr. DeMarco stated, "Demarco Dumpster is a locally owned dumpster rental company servicing central New York. This isn't a new establishment by any measure; rather it is a family-run business that has for many years been providing reliable dumpster rental services in Cicero, Baldwinsville eand their surrounding areas and as such, has earned itself a name as a reliable dumpster rental. Demarco Dumpster

serves homeowners, businesses, contractors, institutions, and other communities, always making sure that customers have access to reliable waste removal equipment and services. Our company is excited to branch out to Auburn, NY."

The company provides different types of dumpster rentals depending on the project a bin rental is being sought out for. They offer roofers roofing dumpster rentals that are designed to haul all types of roofing materials. They also have commercial dumpster rental services requiring containers for projects like eviction or foreclosure cleanouts, junk disposal, and commercial waste disposal.

Demarco Dumpster also offers construction dumpster rentals that are frequently rented to remove construction and demolition(C&D) waste during or following renovations, remodels, and demolitions. They have residential dumpster rentals for the removal of trash and junk from people's homes as well.

The dumpster rental company has different size dumpster rentals that their customers select from when renting a dumpster depending on their projects' scale. The cost of their roll-off containers depends on the capacities of the container as well as their sizes. They have 10-yard bin rentals with 1-ton weight allowances, 15-yard bin rentals with 1.5 capacities, 20-yard bin rentals with 2-ton weight limits, and 30-yard bin rentals with 3-ton weight limits.

Although the company offers a 1-5 day rental period, customers who wish to increase their rental periods can pay an additional \$5 for every extra day beginning from the 6th day. They also have overage charges per ton of material, but these charges depend on the type of material a customer is disposing of. They charge \$58 for every extra ton of C&D waste and \$108 for every additional ton of municipal solid waste.

Demarco Dumpster also allows other types of materials on its dumpsters, including but not limited to tires, general appliances, and mattresses, but these are subject to extra charges. Before scheduling a dumpster rental delivery from them, it is best to contact them by phone to inquire whether the type of junk or waste you want to dispose of is allowed and whether or not it is subject to an extra charge.

Although the company lists Auburn, Baldwinsville, Cicero, and Syracuse as their service areas, Mr. Demarco said they often deliver further out to communities outside the listed towns. On the company website, they mention that their customers within a 15-mile radius from Cicero, Baldwinsville, and Auburn can book their rental bins at no extra delivery charges. However, people or businesses located outside the 15-mile radius should expect a distance surcharge.
