

Virginia Home Services Company Announces New Brand Identity Online

April 02, 2021

Warrenton, Virginia - April 02, 2021 - PRESSADVANTAGE -

Premium Home Services is excited to announce its new brand identity online. After 20 years of serving the Greater Warrenton Virginia area with the absolute best in heating, cooling, plumbing and electrical repairs and installations, the company felt it was the right time to update its look to represent its top-of-the-line service offerings and products.

The new logo, colors and font emphasize the company's strengths as a locally owned and operated business. The following elements serve as true reflections of the company:

- Five-pronged crown represents its five-star service
- Three-pronged crown outlines its three service focuses: HVAC, plumbing and electrical
- Happy technician depicts its customer-centric and professional HVAC technicians, plumbers and electricians
- Shiny wrench portrays the use of the finest tools, systems and equipment available
- Classic fonts show a commitment to hard work and second-to-none service
- Bright, fun colors illustrate a positive outlook on the future of the company, its employees and the neighbors/neighborhoods it services in Virginia

Although Premium Home Services may have a new look, it is still the same great company with the same exceptional team of customer service representatives, in-home service technicians and local business owner, Tom Noland.
