SATX - San Antonio Limousine & Party Bus Service is a family owned and operated company. They take pride in providing clients with exceptional service, exceptional limos and party buses, including

professional punctual chauffeurs. There are a number of reasons why they are considered to be one of the top party bus companies. First are their professional chauffeurs. They only use professional drivers, who are well dressed and always keep the fleet well stocked with the necessary amenities and keep them clean and shiny. Second, their team is motivated to provide the best possible service. Third, they always strive to provide the best customer service because they value their customers and like to think they are part of the SATX family after every party bus or limo rental. And finally, a key factor is their affordable price. Customers will enjoy the best limo or party bus service, at the very best prices in San Antonio.

Their limousine service can be used for a number of events. These include: airport service, weddings, quinceaneras, graduations, prom / homecoming, bachelor party, bachelorette party, anniversary, wine tour, birthday party, sporting events, executive and corporate service, concerts, night out in San Antonio, dining out in San Antonio, and seasonal events.

They can provide an airport limo and executive sedan service. They will pick up the clients and drop them off in plenty of time to ensure that their travel in and out of San Antonio International airport is as smooth as possible. Clients will have the luxury of having a chauffeur waiting for them upon arrival with their last name on a sign. They can pick up clients in style, take care of all the luggage, and get them thru the airport without any problem in one of their luxurious corporate limos that any business executive will appreciate.

They can also provide luxury wedding transportation using their limousines. Weddings are actually their specialty. They know that a wedding takes a lot of time and planning. Meanwhile, renting a party bus in San Antonio for wedding transportation has become a trend. Their fleet of party buses can take up to 35 passengers which means that the whole wedding party can travel together. And for the bride and groom, they take great pride in their limo service for wedding days. Their wedding limousine can be part of the valuable memories created during that special day.

In San Antonio, quinceaneras are used to celebrate the fifteenth birthday of girls. This is considered to be that time when they are making that transition from girlhood to womanhood. The company's limousines are suitable for such celebrations. They will treat her like a Princess during her special San Antonio party day. They have several limousines available or party buses or the stretch Hummer limousines for larger quinceanera groups or sweet 16 parties. Clients don't have to worry about the details because they will take care of all that. They will arrange to pick up the Quinceanera Court with one of their party bus rentals at various locations in San Antonio and have them all arrive at the events on time.
