The 10 yard dumpster has a capacity that is equivalent to four times that of a pickup truck load. It is usually appropriate for small-scale projects, including: room decluttering and clean out projects; outdoor yard cleaning projects; small home renovation projects; and small home remodeling projects, such as removal of living room flooring, remodeling a half bathroom, installation of new kitchen countertops, and removing a wall. Outdoor projects that produce waste that can be disposed of through a 10 yard dumpster include removal of a brick patio, repair of a section of the driveway, trimming of shrubs and trees, and general landscaping projects.

The 15 yard dumpster can hold an equivalent of six times that of a pickup truck load. It can be used for relatively small projects, such as: repair of a sidewalk or driveway; the cleaning out of a large room, such as a garage, bedroom, basement, or attic; removal of waste and junk from the yard waste; and different kinds of home renovation projects, including the removal of flooring, walls, and carpet, remodeling of a laundry room, and installation of kitchen cabinets. It can also be utilized for disposal of waste and debris from outdoor projects, such as removal of old shingles, a yard cleanup, and breaking up a paver patio.

The 20 yard dumpster can accommodate about 8 times that of a pickup truck load. This is often used for home remodeling and construction projects, including yard cleanups, the renovation of the master bedroom, basement or attic clean outs, garage clean outs, kitchen remodeling, and other similar projects.

The 30 yard dumpster contain approximately 12 times that of a pickup truck load. It is suitable for remodeling projects, such as basement remodeling, a large kitchen renovation, construction of a home addition, and demolition projects. It may also be used for large clean outs, such as decluttering a home before a move, decluttering an entire house, or clearing out a garage. It may also be applicable for outdoor projects, such as tree removal projects, getting rid of shrubs and bushes, and clean up of a large-scale lawn.
