March 24, 2016 - PRESSADVANTAGE -
Marketing expert duo Bren & Mike have announced the release of the new Multiple Income Academy Review. They regularly post reviews for readers, and this latest platform, according to the team, offers a number of benefits to users. The review is now available for interested marketers to peruse.

Mike Marko, the "Mike" of the duo, recently explained that, "Multiple Income Academy is headed up by founder Kapa Kaoma. The whole concept is based on taking advantage of people's tendency to hop from one business opportunity to another because 90% of people tend to quit instead of making it work."

The Multiple Income Academy review states that the system works well, and Bren & Mike state that those using it may also want to sign up to a solid marketing platform to receive full benefits. This ensures that products can be marketed properly. The duo offers training and mentoring services that help entrepreneurs become more successful online, and encourage those interested to contact them for more information about Multiple Income Academy.

The online marketing duo have only good things to say about the new platform, stating that, "We are happy to

see that many people who are using this system are already benefiting from it. It's relatively easy to follow, and sure to be a great business platform for those who use it."

The duo are online marketing experts who have provided tuition and mentoring to many to assist them in achieving success. They are currently looking to take on more clients, but do warn that they have some very stringent qualification requirements. Those who are interested, and who meet these requirements, will be helped in creating a plan that will enable them to double, triple, and even quadruple their existing business profits.

Bren & Mike suggest that any marketer that may be interested in learning more about their Multiple Income Academy review can read more on their official website. Those interested in working with the marketing duo can also contact them through their website to learn more about the opportunity and to find out what the requirements are for joining.
