Hilton Head, SC - Hilton Head-based beauty company Lashes n? More boasts a new, more functional website. The newly designed website, <https://lashesnmore.org/>, was created by SEO and digital marketing expert Vanguard Online Marketing.

The new Lashes n? More website features the different services they offer, from Classic Lash Extensions to Brow Lamination. Lashes n? More also offers Lash and Brow Tint, Lash Extension Removal, Lash Lift, Volume Lash Extensions, and Waxing.

Lash Extensions Hilton Head of Lashes n? More is one of their popular services, especially for clients who want their lashes to look more natural but still captivating. Lashes n? More founder Irina Rudman says lash extensions are best for customers with a full natural lash line but lacks size, curl, or darkness. In addition, lash extensions provide the volume, giving the user an ideal mascara-like effect. The procedure usually takes only two hours to finish.

?Our innovative application processes result in pleasant, soft, and customized lash styles of the highest quality for any occasion. From everyday casual wear to wedding and bridal lashes, the most incredible lashes Hilton Head has to offer can help you express yourself in comfort and style,? the Classic Eyelash Extensions in Hilton Head, SC states.

If they can put lash extensions, Lashes n? More can also help in removing it. Removing lash extensions must be left to professionals because of possible danger when done at home. Lashes n? More also specializes in lash extensions removal and provides the best care during the session.

Lashes n? More also specializes in Lash and Brow Tint. Tinting is the process of using a safe, semi-permanent pigment to color eyelashes and eyebrows. The dye used for lashes and brows usually lasts four to six weeks, making it perfect for those who want their natural brow colors back in a short period.

Proprietor Irina Rudman says she aims Lashes n? More to become the ?Go-To? service for all Hilton Head and Bluffton eyelash services. Rudman received her training from Russia and South Korea. With this, Lashes n? More customers enjoy a unique combination of techniques from Russian and South Korean schools of lash extensions.

?We strongly care about keeping natural lashes healthy. That?s why we use top-quality products and a proper lashing technique. We treat each client as special and take into account everyone?s eye shape, lifestyle, and personal preferences to create lash looks that are uniquely yours,? the company states.
