

TLE Doral Can Help People Looking for Financing Options During the Corona Virus Pandemic

November 11, 2021

November 11, 2021 - PRESSADVANTAGE -

TLE Doral wants to point out that they could offer help to people in Doral, Florida, looking for financing options due to the hard times brought about by the coronavirus pandemic. Even during ordinary times, there are moments when people find themselves against the wall because of an emergency or any other situation where the expenses substantially exceed their income. It is possible that a loved one has to be hospitalized or any other unexpected situation that requires a significant expense that is much higher than their monthly income. In such cases, what is required is a source of funds to tide them over. And now, with many jobs affected by the pandemic, more and more people are finding themselves in need of a temporary source of funds. This is where TLE Doral can help and those who are interested can go here.

“Many people are tapped out financially and are uncertain as to how long it will be before they’re back on track, if ever,” says an associate from TLE Doral. “If you’re in a tough financial rut, don’t wear yourself out going from lender to lender. Unlike the banks, we won’t keep you waiting in a line just to get help. We won’t waste your time and energy putting you through endless mountains of paperwork, detailed background checks, and interviews only to reject your application. Instead, our aim is to make sure our process is simple, easy, and as convenient as possible for you.”

The financing option that they offer is unlike the conventional financial assistance provided by banks in that it is possible to get approval within 15 minutes and get the amount within the same day. The process only requires three simple steps. The first step is to call TLE Doral or fill out their online application form. The second step is to submit a copy of a number of important documents, such as the pink slip or car title, ID, proof of income, and vehicle registration and insurance papers. The third and final step is to get the money, which can be sent to the borrower’s bank account or through MoneyGram.

Furthermore, even those who have bad credit can still have their application approved. TLE Doral will not reject any application based on the person’s credit score. All that is required is that the vehicle has sufficient equity value. In addition, people can even build up their credit score when they make timely payments since TLE Doral reports payments to the three major credit bureaus that provide people with a credit score. On the

other hand, credit score can be affected negatively if payments are not made on time.

The amount that a person can get will be based on the equity value of the car. For instance, if the resale market value of the vehicle is \$10,000, it is possible to get as much as \$10,000. To get a better idea of the amount they can get, people can simply give them a call.

And for those who are currently unemployed during the pandemic, it is still possible to get financial help from TLE Doral as long as they have some kind of verifiable income that is coming in, such as disability, social security, etc.

It is important to note that with TLE Doral, all transactions will be done in strict compliance with all local, state and federal laws. In effect, what they offer is a way for people to have access to the equity that they have accumulated in their vehicle, such as a car, motorcycle, truck, boat, etc. With their years of experience, they completely understand people's needs. They offer financing options with great terms and they have multiple locations for the convenience of their clients. Their clients include teachers, commissioned salespeople, small business owners, students, contract employees, and more.
