"Our goal with this next webinar is to highlight the benefits of hiring an experienced personal injury lawyer following an injury. Too often, the insurance companies will attempt to settle for less than the victim is rightly owed, leaving them with many expenses out of pocket," stated managing attorney Laurence Banville.

"Our team has numerous years of experience representing injured victims involved in auto accidents, slip and fall injuries, dog bites, workplace injuries, among others. We understand the legal process to get victims the compensation they rightfully deserve," concluded Mr. Banville.

The White Plains personal injury lawyers serve injured residents in the greater areas, including West Harrison, Elmsford, Highlands, Hartsdale, Fairview, North White Plains, Valhalla, Irvington, Worthington, Woodlands, Greenville, Ardsley, Rye, Purchase, Rye Brook, Harrison, Port Chester, Mamaroneck, and Tarrytown.
