New York -- Personal injury laws have been developed so as to protect victims who have been hurt by another party. Under personal injury laws, a victim can file a personal injury lawsuit or civil legal action against the at-fault party. These kinds of lawsuits entitle a victim to be recompensed for the harm done to them after it can be proven that carelessness was involved. Lyft accident attorneys guide and direct their clients through the process, negotiating on their behalf and litigating these lawsuits, if necessary.

Samantha Kucher, Esq., the founding attorney at the Kucher Law Group, has devoted both her legal education and her career to accident law. After law school, she was seriously engaged in pro bono work, offering legal guidance to those with minimal resources.
