

Arrowhead Clinic Chiropractor Savannah Emphasizes Comprehensive Care for Auto Accident Recovery

May 15, 2026

Savannah, Georgia - May 15, 2026 -
Arrowhead Clinic Chiropractor Savannah continues to provide specialized treatment programs for individuals recovering from auto accidents, addressing the complex nature of collision-related injuries that often manifest days or weeks after initial impact.

The Savannah-based chiropractic facility, which has served Georgia residents for over 48 years, focuses on comprehensive evaluation and treatment of post-accident conditions including whiplash, soft tissue damage, spinal misalignment, and delayed-onset symptoms that accident victims frequently experience.

Dr. Maria Bourjolly, lead chiropractor at Arrowhead Clinic in Savannah, emphasizes the critical importance of early intervention following vehicular collisions. "Many accident victims don't realize that symptoms like neck stiffness, headaches, and back pain can emerge well after the initial incident," stated Dr. Bourjolly. "Our comprehensive approach addresses both immediate concerns and potential long-term complications through targeted chiropractic adjustments and personalized rehabilitation programs."

Patients seeking care at Arrowhead Clinic can get a free consultation at Arrowhead Clinic to determine the extent of their injuries and develop appropriate treatment plans. The facility's medical team, led by Dr. Maria Bourjolly, conducts thorough post-accident evaluations to identify both obvious and subtle injury patterns that might otherwise go undetected.

The clinic's treatment methodology combines traditional chiropractic techniques with advanced therapeutic modalities, including computer-guided spinal decompression, active release therapy, and functional movement screening. These evidence-based approaches help restore proper spinal alignment, reduce nerve pressure, and facilitate natural healing processes.

Understanding the financial concerns that often accompany accident recovery, the clinic offers zero out-of-pocket for auto accident treatment in Savannah through coordination with insurance providers and personal injury attorneys. This arrangement allows patients to focus on recovery without the added stress of immediate medical expenses.

The benefits of chiropractic care after a car crash extend beyond pain relief, according to recent patient outcomes at the facility. Proper chiropractic intervention helps restore range of motion, prevents chronic pain development, reduces inflammation, and supports the body's natural healing mechanisms. The clinic's rehabilitation programs address the complete musculoskeletal and nervous systems, promoting comprehensive recovery rather than merely treating isolated symptoms.

"Our goal extends beyond temporary relief," added Dr. Bourjolly. "We develop individualized treatment protocols that address each patient's specific injury pattern while considering their lifestyle and recovery goals. This personalized approach has proven effective in helping patients return to their normal activities more quickly and completely."

The clinic maintains extended operating hours Monday through Friday to accommodate patients requiring immediate evaluation or ongoing treatment. The facility features wheelchair-accessible amenities and maintains high standards for cleanliness and patient safety, as reflected in consistently positive patient feedback.

Arrowhead Clinic Chiropractor Savannah operates as part of the larger Arrowhead Clinic network, which has provided specialized chiropractic and injury treatment services throughout Georgia for more than four decades. The organization specializes in treating musculoskeletal injuries resulting from auto accidents, workplace incidents, and other traumatic events, utilizing scientifically-based equipment and current

treatment methodologies to optimize patient outcomes.

"description": "Dr. Rachel Banks graduated from Jackson State University receiving her Bachelor of Science degree in Biology/Pre-medicine in 1990. She then moved on to attend Life University when she was called to the healing aspects of Chiropractic care, she graduated in 1997 with a doctorate in chiropractic. She?s also a proud member of the Georgia Chiropractic Association. Dr. Banks joined the Arrowhead family in 2009 becoming the floater doctor in the Atlanta/Savannah/ Brunswick offices. Her belief and dedication to the field of chiropractic have made her an intricate part of Arrowhead Clinics. In 2016, she was asked to make a permanent move to Savannah taking over the Mall Clinic. Dr. Banks revamped the staff, implemented her own style of leadership and management and in 2018 her clinic won ?The Most Goals Met? in 2017. Dr. Banks was born and raised in Atlanta and a member of Alpha Kappa Alpha Sorority but enjoys living here in Savannah with her loveable fur baby - Lola. Call for Your Free Consultation Today!       "text": "Chiropractic treatment at Arrowhead Clinic's Savannah office is precisely organized for victims of car accidents or those dealing with chronic pain symptoms, our approaches to care are gentle, safe and always all natural.  The main goal is to help your body naturally by relieving residual soreness and stiffness while at the same time restoring flexibility and mobility.  The results our patients see are a drastic reduction in acute pain symptoms and inflammation, increased lower back and neck ranges of motion, better sleep throughout the night and elevated mental clarity.  Please read some of our reviews by clicking on the image below to determine if we are the right fit for your and your family.  We achieve rapid results for our patients through chiropractic adjustments and active release therapy that functions to restore proper motion in the joints, decompression therapy that uses intermittent spinal traction to take stress off vertebral joints while simultaneously hydrating your discs, electrical stimulation to reduce muscular and nervous system pain in localized areas, and much more.",
