White Dumpster Expands Dumpster Rental Services Throughout Akron and Northeast Ohio

June 24, 2026

Canton, Ohio - June 24, 2026 -
White Dumpster, a Canton-based waste management company, announces expanded service coverage throughout Northeast Ohio, including Akron, Massillon, Alliance, and Youngstown. The regional expansion addresses growing demand for reliable dumpster rental services from both residential customers and commercial contractors across multiple counties.

The company provides comprehensive waste management solutions including residential dumpster rentals, commercial roll-off containers, and waste removal services. With 10-yard dumpsters for residential projects and 15-yard containers for commercial applications, the company serves diverse project needs ranging from home renovations to construction site management.

"Our expansion throughout Northeast Ohio reflects our commitment to meeting the waste management needs of a broader community," said Troy Mellott, Operations Manager at White Dumpster. "We recognized that homeowners and contractors in Akron and surrounding areas needed reliable, locally-operated dumpster rental services with flexible scheduling options, including Saturday delivery."

The expanded service area encompasses multiple counties, providing waste management solutions to residential neighborhoods and commercial districts across the region. The company maintains partnerships with local transfer stations, including the Kimble Canton Transfer Station, ensuring responsible waste disposal in compliance with regional regulations.

White Dumpster offers roll-off dumpster rentals designed for efficient transportation and placement at project sites. These containers accommodate various waste types, from household items and furniture to construction debris and renovation materials. Each rental includes delivery and pickup services, with options for extended rental periods to accommodate project timelines.

The company's residential services support home cleanouts, renovation projects, and disposal of large items such as appliances and furniture. Commercial clients utilize the larger containers for construction sites, business renovations, and large-scale cleanout projects. Both service categories include comprehensive waste removal with attention to local disposal regulations and environmental compliance.

Online booking systems streamline the rental process for customers throughout the service area. The company's customer service team assists clients in selecting appropriate dumpster sizes based on project scope and waste volume estimates. Saturday delivery options accommodate weekend projects and time-sensitive construction schedules.

The regional expansion positions the company to serve a diverse customer base across Northeast Ohio's residential and commercial sectors. From small home improvement projects to major construction undertakings, the expanded coverage area ensures consistent waste management services throughout the region.

White Dumpster is a locally owned and operated waste management company providing dumpster rental and waste removal services throughout Northeast Ohio. The company specializes in residential and commercial dumpster rentals, offering various container sizes to meet diverse project requirements. Based in Canton, the company serves multiple counties including Portage County and surrounding areas, maintaining partnerships with local transfer stations to ensure responsible waste disposal and regulatory compliance.
