

Brooklyn Car Accident Lawyer Samantha Kucher Discusses ?No-fault Insurance State? and Car Accidents in New York

January 26, 2022

January 26, 2022 - PRESSADVANTAGE -

Brooklyn, New York - Brooklyn car accident lawyer Samantha Kucher explains what ?No-fault insurance state? means in a newly released article (<https://www.rrklawgroup.com/car-accident-lawyer/>). The lawyer mentions that car accidents are one of the leading causes of injuries and fatalities both in New York and throughout the country.

The Brooklyn car accident lawyer also adds that in 2020, there was an 8% increase in injuries and fatalities compared to the previous year. the National Safety Council reported that 42,060 people lost their lives on American roads.

According to the car accident lawyer, ?As home to nearly 8.4 million people, New York City is one of the most populated cities in the United States. As a large metropolis, we have a confluence of both motor vehicle and foot traffic, and with this comes the inevitability of car accidents and their resulting injuries and fatalities. Even

the most minor of car accidents in New York can be deadly when it involves a pedestrian.?

In the new article, the lawyer explains that the number of vehicles and pedestrians out on the streets of New York can be a perfect recipe for traffic accidents. This can leave the victim with painful injuries, significant medical bills, time lost from work, and other economic damages.

Attorney Samantha Kucher adds that the common injuries one can get from a car accident are bruising and contusions, concussions, and other traumatic brain injuries, neck injuries and whiplash, spinal cord injuries, paralysis, catastrophic injuries, internal organ injuries, internal bleeding, post-traumatic stress disorder, and even wrongful death.

The lawyer also explains in the new article what "No-fault insurance state" means. "No-fault insurance" means that if someone is involved in an accident in the state, regardless of who was at fault for the accident, the victim will have to check with their insurance first in order to be compensated.

Aside from the aforementioned, the lawyer explains the common causes of car accidents and injuries in New York. This includes driver distraction, drunk driving, reckless car driving, a driver failing to abide by traffic laws, a driver failing to abide by traffic laws, and road hazards.

Lastly, the lawyer emphasizes that it's very important to understand your rights when it comes to claiming compensation for a car accident injury. Having an experienced lawyer may be able to help a victim navigate the complexities of the legal system.
