

Mighty Dog Roofing Greenville Is Now In Greenville Ready to Meet Waste Disposal Needs

March 14, 2022

March 14, 2022 - PRESSADVANTAGE -

Greenville, SC.- Mighty Dog Roofing Greenville is announcing it's now expanding into the Greenville area and is offering roll-off dumpster rentals and portable restrooms in a variety of sizes. Americans are spending more time than ever on waste removal, whether it's at a construction site, or in their own driveway, especially if they're also required to rent portable restrooms.

The Portable Sanitation Association International reported that construction companies waste at thousands of dollars a day on toilet time based on poor restroom placement. Construction companies and contractors in Greenville are no different.

For over 30 years, Mighty Dog Roofing Greenville has offered roll-off containers and portable restrooms to thousands of construction sites across the United States. Founder Jeff Matejka realized the need for efficiency and organization in construction sites and created the combo restroom and roll-off dumpster to increase convenience and savings for customers.

Today, Mighty Dog Roofing Greenville has a national presence throughout North America and the interest in

the Redbox+ concept continues to grow. Mighty Dog Roofing Greenville offers its services to roofers, remodelers, home builders, window and siding specialists, water and fire remediation firms, and commercial contractors.

Based in Omaha, but with an executive team from all over the U.S. Mighty Dog Roofing Greenville is expanding quickly throughout the country wherever their decades of experience in high-quality waste removal services are needed. Mighty Dog Roofing Greenville has opened several new locations in the past couple of months alone, and now they're here to help Greenville.

Mighty Dog Roofing Greenville respects that most customers have time and project deadlines, which is why the company has streamlined its rental process to a simple phone call. Customers need only provide the size dumpster required, when they'd like the unit delivered, and where to place the unit on their job site. In most cases, Mighty Dog Roofing Greenville Greenville can deliver the dumpster within 24 hours.

Once customers are finished with the dumpster, a Mighty Dog Roofing Greenville representative will arrive to pick up the container by the end of the next business day. Mighty Dog Roofing Greenville can also empty a dumpster mid-project and return the container so customers can finish jobs on a deadline.

Mighty Dog Roofing Greenville offers three standard dumpster sizes: 30 yard, Elite 20 yard with an attached portable restroom, and Elite 30 yard with an attached portable restroom.

The Mighty Dog Roofing Greenville Greenville team is ready to answer waste removal needs in the Greenville area, pledging superior customer service through excellent communication, response time, and quality service.
