

Chiropractic Clinic Offering Cupping Therapy Near Me in Beverly Hills Gets Five Star Review

May 23, 2022

Beverly Hills, California - May 23, 2022 - PRESSADVANTAGE -

Jochen Chiropractic & Wellness Center, a holistic and pain-free clinic based in Beverly Hills, CA is proud to announce their recent five star review on Google. They currently have an overall rating of 4.6 out of 5 stars on Google. They apply a range of wellness care strategies, from chiropractic care to traditional Chinese medicine (TCM), including cupping therapy. Cupping therapy may be used to help in improving blood circulation through the suction exerted by the cups on those areas where the cups are placed. There are several factors that can make Jochen Chiropractic & Wellness Center make the chiropractic clinic stand out among the crowd of similar practitioners in Beverly Hills and surrounding areas. These include: their luxurious and convenient location in Beverly Hills; their offer of acupuncture, massage, and skincare; their reputation of being a trusted provider for more than 30 years; and their daytime, evening, and Saturday morning hours.

In the recent five star review, Erik B. gave them five stars and said, "Courteous, communicative, professional, informative, caring" The list goes on and on. A really great experience for all of your wellness needs."

One particular type of service that they are popular for is sports therapy. They offer this not only to patients who are take part in sports but to all people who engage in any type of physical activity, such as working out at the gym or training for a marathon. Their sports therapy approaches can be applied for different kinds of injuries and conditions, including: shin splints, lower back pain, neck pain, tendonitis and bursitis, sprains and strains, tennis elbow, and shoulder impingement. The team at Jochem Chiropractic will carefully assess each patient and specify those therapies that would best for a certain patient, such as: cold laser therapy, chiropractic manipulations and massage, acupuncture, cupping therapy, and strengthening exercises.

In their pursuit of becoming the best chiropractor in Beverly Hills, Jochen Chiropractic & Wellness Center applies a three-step method toward healing. In the first step, they offer pain-free treatment alternatives to allow the patient to be relieved from pain or effectively manage it in the event that the patient has a chronic disease. They combine various treatments, including: soft tissue massage therapy; physical therapy; and chiropractic adjustments for optimal spinal alignment. The second step is to provide correction and therapy. To do that, they teach patients a series of exercises, such as spinal mobilization correction. These unique exercises will be helpful in providing improved stabilization; strengthening the body; and muscle stretching for better flexibility and less pain. The third and final step is prevention and improved wellness.

Founded in 1994, Jochen Chiropractic & Wellness Center wants to help patients reach their wellness goals by combining the various skills and expertise making up the whole wellness spectrum, from chiropractic care to TCM and more. Dr. Stephen Jochen, D.C., who is committed to employing the holistic approach when offering chiropractic care, heads the group of health professionals at the wellness center. Together they provide patients with a holistic path that leads them to a pain-free lifestyle, which does not have to rely on taking several pharmaceutical drugs or undergoing invasive procedures. With almost 20 years of experience, Dr. Jochen and his team are capable of offering treatment for various conditions, from lower back pain to carpal tunnel syndrome, by using a range of services, such as chiropractic care, cupping therapy, acupuncture, and more. The team at Jochen Chiropractic and Wellness Center are committed to using a diversified approach when helping patient get healed and get better health. That is the reason why they have developed a three-tiered approach to healing: correction and recovery; prevention and wellness; and pain-free treatment alternatives.

When searching for a holistic chiropractor Beverly Hills residents can check out the Jochen Chiropractic & Wellness Center website, or contact them on the telephone or through email. They are open from 8:00 am to 7:00pm for Mondays, Wednesdays and Fridays; from 1:00 pm to 7:00 pm on Tuesdays and Thursdays; and from 9:00 am to 1:00 pm on Saturdays.
