

Indian Trail, NC, Residents Facing A Moisture Problem Can Call Charlotte Crawl Space Solutions LLC

May 27, 2022

May 27, 2022 - PRESSADVANTAGE -

Charlotte Crawl Space Solutions, LLC, is helping homeowners in Indian Trail and other towns near Charlotte, North Carolina, fix moisture and water damage-related problems in their home's crawlspace and basement areas.

Charlotte is comfortably inland and, mostly, doesn't bear the brunt of the strong hurricanes that hit the North Carolina coast from the Atlantic ocean. However torrential rainfalls are common in the region and the residents living in and near Charlotte must strengthen their homes to face this contingency. Flooding is another problem that homeowners must fortify their property against. According to statistics from the website Risk Factor, 16,460 properties in Charlotte are likely to be severely affected by flooding over the next 30 years. The website deems this level of exposure to flooding as a "Moderate" risk. Apart from one-off weather events that bring forth the worst of mother nature, homes may also suffer from water leakages on occasion due to faulty plumbing.

Charlotte Crawl Space Solutions claims to be the ideal service provider for property owners who are looking for skilled, reliable, and affordable contractors operating in and around Charlotte to fix their waterlogging and mold damage issues. The company has more than 30 years of combined construction and engineering experience. It claims that this breadth of on-the-job experience enables it to diagnose, inspect, repair, and remedy any wet basement or damp crawlspace that its technicians are commissioned to look at.

A spokesperson for Charlotte Crawl Space Solutions LLC talks about the company's services by saying, "We understand how overwhelming it can be to face the problem of a crawl space or a basement that is flooded or moist with mold and mildew. With North Carolina weather, you are always on the edge dreading the damage that the next hurricane or thunderstorm might bring in. Even if your home is well maintained, a wooden structure is no match for the fury that nature can sometimes inflict. Don't get blindsided. At the first sign of a problem, make sure to ring up Charlotte Crawl Space Solutions to get a thorough inspection of your property. We have been in this industry for several years now and we have developed a keen sense for detecting problems. Once we take stock of everything that needs to be fixed, we develop a comprehensive plan that is detailed and precise enough to address even the most glaring issues. We have sharpened our skills to the point that we can start formulating our plan of action the moment we step onto a client's site. When you schedule a free inspection with us, you are hiring the best in the industry to give you a thorough analysis of the extent of the problem that you are facing. We report on the moisture levels, the presence of mold and other fungi, the damage to the wooden substructures, the utility of barrier systems, the health of the existing drainage solutions, the insulation, the venting, and much more. Moreover, you get all of this for a competitive price that is a steal when you consider the quality of personnel that we have trained and fostered, here at Charlotte Crawl Space Solutions. So, call us today and we will ensure that your property is in optimum health to keep you and your family members safe."

Charlotte Crawl Space Solutions provides services such as basement waterproofing, crawl space repair, mold remediation, structural repair, odor removal, and more. Residents dealing with a flooded basement can look forward to an inspection of their yard drainage solution to check whether water from outside the home is percolating into the basement, the inspection of the building's foundation, and a recommendation of possible fixes that can be made on the interior to remedy the waterlogging.

Charlotte Crawl Space Solutions can be contacted at the phone number (704) 989-8219 or the email address info@charlottecrawlspaceolutions.com. The company currently maintains an impressive rating of 5.0 out of 5.0 from 12 reviews on its Google My Business page.
