

Virginia Economic Update: Fairfax County to Update Site-Specific Plan Amendment Process

July 21, 2022

July 21, 2022 - PRESSADVANTAGE -

Virginia Title Loans, a financial services company based in Vinton, VA, with website at <https://virginiatitleloans.net/locations/vinton-va-24179/>, has noted an important development in Fairfax County, VA that could affect the economy. This was the plan of the Fairfax County Board of Supervisors to consider the proposed revisions to the Site-Specific Plan Amendment (SSPA). The SSPA enables developers, property owners, and community members to make suggested changes to the Fairfax County Comprehensive Plan's recommended land use mix and intensity/density for certain sites. The recommendations include new submission criteria, such as property owner consent and an illustrative concept plan.

A representative from Virginia Title Loans says, "It will be interesting to see how this news impacts the economy."

All in all, Fairfax County appears to be faring better than other places in the country, having a 4.6 percent unemployment rate as compared to the average unemployment rate of the US, which is at 6.0 percent. Future job growth is at 36.7 percent, in contrast to the US average of 33.5 percent, while recent job growth is -5.3 percent, compared to the US average of -6.2 percent.

However, even with such positive developments, some individuals and their families might still find themselves requiring some emergency cash because of unplanned expenses, such as hospital and medical bills. Some individuals might also want to travel and get some well-deserved rest and vacation but traveling expenses can be quite high and some people may find that they don't have sufficient funds for such expenses. Whatever the reason for the need for some cash, Virginia Title Loans is ready to provide such emergency funds with a car or vehicle title as the collateral. The car title loans that they provide is one of the fastest ways of obtaining the much needed cash for paying off unexpected medical bills, for traveling and going on a vacation, and more. The financial experts at Virginia Title Loans will collaborate with the customer to develop a personalized plan for getting the money and have a feasible payment plan.

The good news is that those who happen to have a poor credit history will still get the chance of getting approved for the financial assistance provided. This is because the approval will be based simply on the current market value of the car or vehicle and the capability of the borrower to make the payments. The car or vehicle title is important and there should be no lien attached to it, and the applicant should be the one who owns the vehicle. They also want to assure customers that they offer low and competitive rates, and the interest rate will be decreased each month, once a payment has already been made. And it is the vehicle title that will serve as the collateral, which is why the title is one of the documents to be presented. And they will hold on to the title until such time that all of required payments have been made.

The amount of money that can be provided will be based on the value of the vehicle but not to exceed \$50,000. Those who are interested in applying for the financial assistance offered will just need to take three simple steps. First, they will just need to fill out an online application form on their website to find out if they can qualify. Second, the applicant will have to present a few documents, including: the car title and car insurance, proof of residency, proof of income, and proof of identity. And lastly, Virginia Title Loans will deposit the requested amount to the customer's account, typically within less than 24 hours.

People who are interested in learning more about the financial services offered by Virginia Title Loans can check out their website, or contact them on the telephone or through email. They can be contacted 24 hours a day, from Monday to Sunday. Those who are interested in learning about developments concerning the company can click here to check out their media room.
