

Dumpster Rental Houston Company Houston Dumpster Rentals Provides High-Quality Services in Metro Area

August 23, 2022

August 23, 2022 - PRESSADVANTAGE -

Locally owned and operated Houston Dumpster Rentals offers options for a dumpster rental Houston homeowners, contractors, businesses, and locals use to complete a range of residential and commercial projects on a short or long-term basis. The company frequently delivers its range of roll-off containers to help support renovations, repairs, cleanouts, demolitions, or development projects across the greater Houston area.

Owner Rico Rodriguez founded the company in 2021 with the goal of providing friendly and reliable waste removal services his community could trust to handle the heavy lifting. "As Houston and surrounding areas continue to grow, so does the need for dependable waste management," Rico said, "And that's where our team steps in. We make it as simple as possible to rent a dumpster, have it delivered, and haul away the waste in no time."

The need for residential roll-off containers has increased in recent years due to an influx of interest in home

improvement and DIY renovation projects. The company often delivers bins to help support garage, attic, or basement cleanouts, single-room renovations, roofing repairs, driveway or sidewalk demolitions, landscaping, downsizing, and other residential efforts.

The company partners with contractors, construction companies, and business owners to provide Houston dumpster rentals for commercial purposes, including developments, repairs, demolitions, and other commercial uses. The company also offers weekly residential garbage pickup and provides rental options for heavy-duty equipment, including a skid steer with a grapple bucket.

The two available container size options are 15-yard and 20-yard. The 15-yard measures 14' long by 7' wide by 4' high and holds the equivalent of six pickup truck loads of waste. This size rents for \$369 for up to one full day of rental time with two tons of waste disposal included in the base price, \$399 for up to three days of rental time with two tons of waste disposal included in the base price, and \$449 for up to seven days of rental time with two tons of waste disposal included in the base price. Additional days and extra weight are available for purchase at \$47 per day and \$60 per ton.

The 20-yard measures 14' long by 7' wide by 6' high and holds the equivalent of eight pickup truck loads of waste. This size rents for \$430 for up to one full day of rental time with two tons of waste disposal included in the base price, \$460 for up to three days of rental time with two tons of waste disposal included in the base price, and \$499 for up to seven days of rental time with two tons of waste disposal included in the base price. Additional days and extra weight are available for purchase at \$47 per day and \$60 per ton.

Contractors should contact the company directly for special construction pricing. The company carries heavy-duty, easy-to-load, driveway-friendly containers supplied by U.S.-based, industry-leading manufacturers. The roll-off bins are capable of hauling a range of materials including general debris, construction waste, yard debris, furniture, and other forms of garbage. In an effort to adhere to all local regulations, there are certain types of waste that are not permitted, including hazardous waste like asbestos, medical waste, motor oil, gasoline, and other flammable liquids.

The company services a wide range of the Houston metropolitan area including League City, Texas City, La Marque, Hitchcock, Rosenberg, Iowa Colony, Manvel, Alvin, Galveston, Pasadena, Santa Fe, Friendswood, Fresno, Sugar Land, Bay Town, Deer Park, Channelview, La Porte, Kemah, Seabrooke, Bellaire, West University Place, Southside Place, Missouri City, Cinco Ranch, Richmond, West Columbia, Angleton, Rosharon, and Pearland, among other surrounding communities. Typically, special arrangements can be made to service areas not listed for an additional fee.

Those interested in reserving a dumpster rental in Houston TX are encouraged to visit the company's official website to browse available options or give the staff a call directly at (832) 736-4375 to speak with a team member and book over the phone.
