

@ Joann Martinez

When we had a large storm come through Baltimore and we needed a roofing company around Fells Point that could repair our roof quickly. I was surprised to find out that McHenry Roofing had available to come out later that week when I could barely get other companies to pick up my call.

McHenry Roofing Is Offering Storm Roof Repair In Fells Point And Other Baltimore Neighborhoods

September 01, 2022

BALTIMORE, MD - September 01, 2022 - PRESSADVANTAGE -

McHenry Roofing, a full-service roofing company that has been serving the local Baltimore community for over 25 years, has received another glowing 5-star review for a roof repair after a storm that it provided to one of its clients.

The 5-star review on the company's Google My Business page says, "When we had a large storm come through Baltimore and we needed a roofing company around Fells Point that could repair our roof quickly. I was surprised to find out that McHenry Roofing was available to come out later that week when I could barely get other companies to pick up my call. They helped us navigate our insurance company and got most of the roof expenses covered. If you need a roof repair in Fells Point, I recommend giving McHenry Roofing a call."

A spokesperson for the company responded to the review by saying, "We are very familiar with roofs in Fells Point and were honored to be given an opportunity to provide you a new flat roof. We are happy to work with insurance companies for roofing claims and were happy to have them cover most of the cost. Our mission is

to offer affordable roof repairs in Baltimore with top-quality customer service. Thank you again for your business and I look forward to working with you again in the future.?

The 5-star review highlights two reasons why its clients consider McHenry Roofing to be the best roofing company in Baltimore. First, the company guarantees callers that it will respond to their inquiries and offer them a free quote for its services within 24 hours. This ability to always serve customers who need its services the most and, moreover, being able to do it with quick turnaround times is what sets McHenry Roofing apart from other Baltimore roofing companies. The company's prompt and reliable services are a godsend for Baltimore homeowners where the climate is partly cloudy year-round and the winters can get very snowy and windy, wreaking a lot of damage on the roofs of local property owners.

Next, McHenry Roofing is a GAF-certified roofing contractor which gives the company's expertise immense credibility in the eyes of insurance providers. This makes it much easier for homeowners to file a claim for roof repairs with their insurance company because McHenry Roofing will work with the coverage provider to meticulously document the extent of the damage to the roof while justifying every repair. Homeowners can rest assured that McHenry Roofing will assiduously work with the insurance provider to ensure that the homeowner gets the most money possible to cover their roof repairs.

McHenry Roofing's dedication to a hassle-free customer experience has earned it a lot of goodwill from Baltimore homeowners. Over the years, the company has served over 3000 local customers by helping them get the best possible roof repair using only the highest quality roofing materials that are installed by experienced, licensed, and insured roofing technicians. The Baltimore roofing company's range of services includes flat roofing, pitched roofing, commercial roofing, metal roofing, gutters and downspouts, skylights and sun tunnels, soffit and fascia repair, gutter guards, and more.

The company's Google My Business page, which was recently set up, has already amassed 18 reviews with a near-perfect rating of 4.8 out of 5.0. McHenry Roofing has been able to achieve this remarkable overall score due to its commitment to leaving each and every customer satisfied with its roofing services when the job is done.

McHenry Roofing serves Federal Hill, Otterbein, Riverside, Locust Point, South Baltimore, Pigtown, Hollins Market, Fells Point, Upper Fells Point, Canton, Hampden, Highlandtown, and all other Baltimore City and Baltimore County neighborhoods. It even extends its services to nearby Howard County, Anne Arundel County, Carroll County, and Montgomery County.

Readers looking for storm roof repair in Fells Point and other areas in Baltimore can contact the locally

owned and operated roofing company at (410) 774-6609 from Monday to Friday from 8 AM to 6 PM.
