Bling!, a Round Rock, Texas based lighting company, would like to reach out to homeowners who would like to brighten their houses with festive cheer this holiday season. With the Christmas season fast approaching, many are looking for new ways to stand out, and the company has a number of lighting solutions that are designed to meet the needs of a wide range of customers. The company states that now is the best time to contact lighting specialists and plan out a beautiful display, ahead of the celebrations and seasonal rush.

The Round Rock lighting company offers a number of excellent ways to elevate the holiday season. With an extraordinary team of lighting specialists, they provide customers with access to a vast catalog of lighting options (or professional help with crafting their own) They offer all customers freedom from the need to climb up old ladders and come up with lighting displays on the fly every Christmas, instead providing them an opportunity to adorn their homes with beautiful custom or premade lighting arrangements that can be seen from miles all around. The company helps its community come up with and put up lighting displays for a variety of holidays, including Halloween, Hanukkah, the Fourth of July, Valentine's Day and much more.

Customers often approach the company for their landscape and patio lighting service. Bling! says, "Our

exterior lighting portfolio in tandem with our team of specialists can merge beauty and functionality for any home's landscape and patio needs. Highlight the beauty of your home's architecture and create the perfect setting for your outdoor venue with durable, weather-proofed lighting built to withstand even the harshest of elements.

Their lighting specialists have experience working with patios, decks, porches, gazebos, grills and more. The company installs permanent lighting arrangements that are made to be both long-lasting and elegant. Blingle's permanent lighting setups make every day feel like a holiday. This technology comes with RGB capabilities, allowing for an almost limitless number of color options that can be fine-tuned to meet the needs of every occasion. With the help of Blingle, customers are only one installation away from having permanent, hands-free lighting set up that can be tweaked for any occasion.

Perhaps their most popular service is event lighting. From weddings and mitzvahs to grand openings and corporate parties, Blingle offers its community some of the most extravagant, beautiful lighting arrangements for any event. They can handle almost any kind of aesthetic, from rustic to lavish and beyond, offering every customer the option of either picking out an arrangement from the company's catalog or coming up with their own custom arrangement. The company has had a hand in designing and installing countless lighting arrangements for a variety of functions all over Round Rock, and they are always happy to help new customers get exactly the kind of light display they might want for any given occasion.

Blingle is run by Rob and Stacy Brown, a duo that comprises some of the region's best talent in the industry. Blingle says, "Rob and Stacy have extensive management experience and are bringing refined leadership skills to your local Blingle! Stacy has led teams of all shapes and sizes and has even started her own youth sports business. Before Blingle, Rob was a mechanical engineer that led project management for a custom elevator company. When they moved to North Austin, they immediately fell in love with the atmosphere, diversity and community-wide commitment to building an exceptional place to live. Inspired by their friends and neighbors, Rob and Stacy wanted to bring a reputable service that would help craft unforgettable memories for their tight-knit community. With Blingle, they can pair expert designers with quality lighting to build your precise lighting vision for your home, office and event."

Those interested may get in touch with Blingle to craft their own holiday lighting services in Round Rock TX. Customers may refer to the company's website and social media spaces for examples of their work.
