Kenneth S. Nugent, P.C. ? Augusta is a Georgia law firm that has a reputation for working hard to get its clients the best possible outcomes when they have sustained a personal injury. This includes those that come to this experienced personal injury lawyer after being involved in car crashes or other types of accidents that were caused by another person or party?s negligence. Personal injury victims who this law practice has successfully litigated claims for often leave very positive reviews that reflect that this firm displays a well-rounded approach to the accident injury cases it handles.

One recently received glowing review pointed out the firm?s excellent communication and the fact they show they truly care about their clients. Shara Jordan stated, ?Best experience ever! Ken Nuggetts? office; including Jennifer Palmer and Attorney Jenna Matson we?re very professional, very kind, and very informative. They kept me updated and informed throughout the entire process. They showed genuine compassion and concern during a difficult time. I will recommend them to everyone I know.?

Other admirable traits that the Kenneth S. Nugent, P.C. ? Augusta firm displays when handling personal injury claims include treating clients like they would family and having the patience to answer any questions a client might ask about their case. Evidence of this can be seen in this glowing review from Johnny Houston which proclaims, ?The whole legal team from Jenna Matson, Ms. Barton, Mr. Trimm, the finance specialist, and the secretary was just amazing. They didn't just treat me as a client, they treated me as if I was family. This firm also walked me through the whole process, answered any questions I had, and kept me informed the entire time. I want to thank everyone for a job well done in helping me with my situation. I wish you all the best and may God Bless you all.? Michael Thomas? 5-star review mentioned knowledgeable attorneys that are willing to go the extra mile for their clients. He said, ?It was an excellent experience. Their experienced legal team went above and beyond to make sure I was taken care of. I couldn't have asked for a better firm to handle my case for me. Thank you so much.?

The firm's founding attorney, Kenneth S. Nugent, P.C., says that he is always thankful when a client takes the time to leave a review and thank them for the professional way his firm represented them. But he wanted to be clear that 5-star reviews are not the goal when they take on a case for an innocent accident victim. He says that the firm's main objective is to always get a client back as close as possible to being made whole after another person or party acts neglectfully and causes that client to suffer physical (bodily), mental, or emotional (psychological) harm. The firm's founding attorney acknowledged that money cannot always get back such things as a client's vision, fingers, normal spinal alignment, or ability to walk without a limp, but it certainly can replace such things as money spent on medical expenses, lost earning power, and lessen the stress and anxiety that come along with an injured person wondering how they will manage their life in the future.

Attorney Nugent added that he is happy so many people recognize when the Kenneth S. Nugent, P.C. ? Augusta firm is representing them in a personal injury case, that his legal team truly cares about their wellbeing. While they will always seek to get a favorable settlement for their clients, they are not afraid to go before a judge for resolution if a defendant or their insurance carrier is not being fair with a settlement offer. He says they will also do a thorough accident investigation once they have decided to represent a personal injury client. This applies whether a client was injured in an auto accident, a slip or fall situation, because of a defective product, or sustained a workplace injury. Part of being an experienced and thorough Attorney also means that he will seek whatever form of compensation that he feels a client is entitled to because of their injury. A list that includes reimbursement of medical expenses, payment for lost wages, pain & suffering, loss of future income, future medical care expenses, and even punitive damages.

Initial consultations are free and as clients often mention, he and his skilled legal team are always willing to answer any questions an accident victim has once a case is accepted, they will keep a client constantly

informed of the current state of the litigation of their case. Attorney Nugent proclaimed this is all a part of their ?one call does it all? personal injury claims assistance. He ended by saying that someone who has suffered a personal injury through no fault of their own can contact them by phone at any time and expect to meet with a representative of the firm in the next 24 - 48 hours.
