Beaufort, SC - Summer Breeze Ceramic Coating & Mobile Detailing has showcased its expertise in the ceramic coating business in Beaufort, South Carolina, and its surrounding area.

Ceramic Coating is the newest, widely-used solution, providing vehicles with the ultimate shine and protection. Ceramic coatings are a sturdy and long-lasting alternative to regular automobile wax. They give great shine and security, allowing car owners to maintain a showroom-quality appearance.

Summer Breeze Ceramic Coating & Mobile Detailing is a certified Ceramic Coating Installer in Beaufort, SC, and has been in the industry for years.

Summer Breeze Ceramic Coating & Mobile Detailing says most motorists choose ceramic coating because it can make cars look brand new. It also has a high gloss which makes it easier to clean. But besides aesthetics, ceramic coatings offer protection. It protects vehicles against ultraviolet rays. In addition, it protects the car's paint from oxidizing and prevents it from fading quickly.

It also serves as an added layer of protection for cars against chemical stains. The coating can prevent chemical contaminants from bonding to the car's paint. Also, vehicles with ceramic coating have a hydrophobic nature to repel water, as well as mud and dirt.

According to Summer Breeze Ceramic Coating & Mobile Detailing, ceramic coating is more cost-effective than other solutions. The Ceramic Coating Professional provides packages for all types of automobile owners. They offer a six-month ceramic spray package for people searching for basic detail. Those who prefer a longer-lasting package can pick from 1-year, 3-year, or 5-year ceramic packages. All these three packages include a 1-step paint correction.

The Beaufort company likewise offers a full slate of on-site detailing services certified through the International Detailing Association. The company is also an authorized installer of Glassparency.

They likewise offer interior detailing, from vacuuming to leather conditioning to window washing. They also offer exterior Detail Services, including minor scuffs polishing or a full paint correction.

Our staff gives extra attention to detail with every job and always makes sure the job is done right the first time, the company states.
