Auckland, New Zealand - Loud swinging and banging doors can prove to be very bothersome. They can also be very harmful to people inside the household, especially children who may get hit or suffer injury from a swinging door. With that in mind a lot of people have decided to securely fasten swinging doors open. There are several options to prevent the annoying and hazardous effect of loud, fast swinging and banging doors.

SuperiorMaker found a way in resolving this issue, recently released in Amazon the BIG Doorstop from SuperiorMaker is made to be user friendly. Unlike other door stops that require a time-consuming installation process. SuperiorMaker's big door stop is uniquely created with a modern wedge design, with a low tip so it can easily slide on the doors to hold it open securely.

SuperiorMaker a top tier retailer on the famous shopping portal Amazon.com has devised their set of door stops. They have two versions of the door stops on Amazon, but the big door stops have been touted as very optimal. This is because it has the size to suit larger doors with more clearance from the ground.

?Our big door stops are sold in a pack of three. They are non-scratching and works on al surfaces, including wood, carpet, tile and concrete. Our big door stops are also ideal for securing larger doors open,? stated a representative from SuperiorMaker.

?I ordered these doorstops because I have a couple doors that are too high for 1 inch doorstops. These ones are definitely tall enough. They do hold the doors open well, even the door to the garage that is self closing. These will slide on tile of you push the door, and I haven't had any problems with them moving on their own. I am happy with the purchase,? said Tyler, a verified Amazon customer in a 5-star review.

The big door stops from SuperiorMaker can found on the popular shopping portal Amazon.com at a discounted price. Each purchase guarantees the shopper two free homecare eBooks, and each purchase is also fully backed by a no hassle 100 percent money back guarantee.
