

Portland Maine's Premier Outdoor Lighting Company Bling! Offers Professional Lighting Installation Services

January 25, 2023

January 25, 2023 - PRESSADVANTAGE -

Bling! Premier Lighting of Portland is helping Maine homeowners and businesses set up professional lighting installations for any occasion or season.

Bling! is a nationwide franchise that specializes in outdoor lighting installations. The company's products are designed to be simple to use and customize, while still being powered by high-tech and innovative enough to let lighting designers be as flexible and creative as they would like. The company backs up its technology with high-quality products, generous warranties, and responsive customer service that aims for complete client satisfaction. Bling! of Portland is bringing the same technological advantages and world-class services, that the parent company is known for, to residents and businesses in Portland and surrounding areas.

The company's lighting installation and design services are the ideal match for homeowners or venue owners who want to set up year-round luxury lighting decorations for seasonal holidays, landscape and patio beautification, events, and even commercial properties that need to attract customers.

Bling Premier Lighting of Portland's holiday lighting options includes low voltage LED lighting, residential lighting, dock lighting, landscape lighting, string lighting, deck outdoor living lighting, patio chandeliers, accent lights, accessibility lighting, and path lights. For homeowners who want to turn the outdoor sections of their property into a nighttime oasis, Bling Premier Lighting offers commercial grade, fully weatherproof, and durable lighting fixtures to adorn several areas of the home such as patios, deck lights, porches, gazebos, grills, fire pits, outdoor pools, walls, steps, and more. Its permanent lighting fixtures blend into the property's fascia and don't have to be installed and removed between seasons.

Bling Premier Lighting of Portland is managed by Alex Quataert, a Bronze Star and Purple Heart awarded veteran who still serves as a Captain for the National Guard. Alex combines his years of discipline and seasoned work ethic with Bling's high-quality products to give Portland homeowners the outdoor lighting solution that they can depend on. Alex talks about what drew him to Bling by saying, "As a proud service member with a love for my fellow Americans, Bling gives me a chance to help them make the most out of their events and special occasions. So, my work here at Bling is really bringing people together and building a stronger community where everyone loves and respects each other."

Bling Premier Lighting of Portland has received several glowing testimonials from local clients on its Google Business Profile where it has a perfect rating of 5.0 out of 5.0. One of the reviews from a satisfied customer notes the pleasurable design and planning experience the company offered by saying, "Wow! These guys are great. I normally don't write reviews, but I'm really happy with how my lights turned out. The initial consultation was great; no pressure, no rushing, just sitting down and going through options. The price was fair; much lower than the other estimate I got. And the app is easy to use (even for an old bird like me). I'll use them again for my niece's birthday party in the spring."

Another reviewer talks about Bling's permanent lighting solutions by saying, "I can't thank Bling enough for taking the time to walk me through the app with all the different features with my lighting. With the lights being installed in my home and yard, I do not have to take them down every season or change them out with every holiday. I can go onto my app and choose what holiday I want with the color choices. Thank you again. My home is beautiful and it will always be in style for any season."

Readers can contact Portland Maine's premier outdoor lighting company at (207) 355-7167 to book a free design consultation or to request more information. Bling of Portland serves residential and commercial customers in Portland and nearby areas in Maine including Acton, Alfred, Berwick, Biddeford, Brunswick, Cape Elizabeth, Cape Neddick, Cumberland, Falmouth, Gorham, Kennebunk, Kittery, Lewiston, Poland, Scarborough, Windham, York, and more.
