

Electrodry Mattress Cleaning Expands to the Gold Coast in Queensland

February 01, 2023

February 01, 2023 - PRESSADVANTAGE -

Electrodry Mattress Cleaning, the leading mattress cleaning service provider in Australia, has expanded its operations to the Gold Coast in Queensland.

The company, which has been providing professional mattress cleaning services for over 40 years, is now offering its services to residents in the Gold Coast area. With more than 110,000 customers served annually, Electrodry Mattress Cleaning is known for its expertise, modern technology, and the results-driven approach to mattress cleaning.

Grant Burchell, Marketing Manager at Electrodry Mattress Cleaning, stated, "We're thrilled to bring our services to the Gold Coast. Our mission has always been to provide our customers with a clean and healthy sleeping environment.?"

Air quality can significantly impact a person's health, and one of the biggest contributors to poor air quality is a dirty mattress. Mattresses trap and absorb dust, allergens, and other irritants that can lead to respiratory problems and other health issues.

With Electrodry Mattress Cleaning, residents of the Gold Coast can now enjoy a more comfortable sleep and improved health. The company uses safe and effective cleaning methods that are free from harsh chemicals, ensuring that mattress is left clean, fresh, and free from allergens and harmful microorganisms.

The appearance of a mattress can also be significantly impacted by dirt and dust buildup. A dirty mattress can attract pests, and develop unpleasant odors and stains.

With Electrodry Mattress Cleaning, residents of the Gold Coast can now maintain the quality and beauty of their mattresses. The company's mattress cleaning services not only enhance the appearance of mattress but also prolong its lifespan. A clean mattress will see less wear and tear, ensuring that it lasts longer and provides a comfortable sleeping surface for years to come.

In addition to improving the air quality and appearance of the mattress, Electrodry Mattress Cleaning also reduces the risk of allergies. Dust mites and other irritants can trigger allergies and itching. Electrodry Mattress Cleaning's mattress cleaning services eliminate harmful bacteria, mites, and other allergens from bed, memory foam mattress, and upholstery, ensuring that the Gold Coast has a sound and peaceful sleep.

The company offers a range of mattress cleaning services, including mattress steam cleaning, mattress dry cleaning, mattress stain cleaning, deluxe mattress cleaning, dust mites cleaning, and same-day mattress cleaning. Queenslanders can now access affordable and reliable mattress cleaning services that are backed by a 6-month dust mite protection guarantee. The company is also fully insured for all its Gold Coast mattress cleaning jobs, ensuring that all customers have peace of mind.

Electrodry Mattress Cleaning was voted the #1 choice amongst Australians and now the Gold Coast residents across Queensland have access to professional and reliable mattress cleaning services.

Contact Electrodry Mattress Cleaning today at 1300 543 043 or email goldcoast@mattress-cleaning.com.au to schedule a mattress cleaning appointment.
