In a recent review, Marcia W. says, "Dr. Stephen Jochen and his capable team of physicians, therapists and administrative support personnel are the best! They are professional and focused on overall wellness. My sessions are timely and I feel aligned, light on my feet, and physically fit after each visit. I appreciate the holistic approaches and treatments and have discovered the joys of acupuncture and cupping. I look forward to my "tune up" appointments because they do my body good! Come check out this awesome center. Let them know Marcy sent you!"

Dr. Stephen Jochen, D.C. says, "At Jochen Chiropractic, our team of highly trained professionals advocates for a holistic and pain-free lifestyle. We do our best to ensure that our patients can live a hale and hearty life that is free of pain and full of wellness, and we are very pleased to see the results of our work appreciated by those we help. We aim to deliver the same quality of service to everyone, and we would be honored to help you." Learn more here: [Cupping Therapy Near Me Beverly Hills](#).

Jochen Chiropractic & Wellness Center boasts many high ratings on Google and other platforms. In another glowing review, Garbis Y. says, "I got into a car accident about a month ago and was referred over to Jochen Chiropractic and Wellness Center where I received the best treatment for my back pain. Dr. Jochen and his whole entire team have been absolutely incredible since day one. They have helped me so much throughout this whole process, and I honestly can't thank them enough for their amazing service. I've come a long way since the car accident, and I wouldn't have made this much progress without Dr Jochen and his wonderful team. With all that said, I would highly recommend Jochen Chiropractic and Wellness Center to anyone who's in need of physical therapy especially if you or anyone else is dealing with an injury. Trust me, Dr. Jochen and his team will take care of you no problem. 5 Stars all across the board!"

The wellness center takes a patient-centric approach to their chiropractic treatments. Once they have diagnosed the cause of the patients' pain, they apply a tried and true three-step method. First, they seek ways to help their patient get out of or effectively manage their pain through a combination of treatments including: chiropractic manipulations for optimal spinal alignment, soft tissue massage therapy, and physical therapy.

Next, Jochen Chiropractic gives their patients the tools they need to correct the underlying cause of their pain. This series of exercises, which include spinal mobilization correction, will be taught and practiced at the Beverly Hills clinic, after which patients can put them into practice in the comfort of their own home. These unique exercises will provide patients with improved stabilization, strengthen their body, and stretch their muscles for better flexibility and less pain.

Finally, the wellness center will provide their patients with a maintenance program. As they explain, daily activities can lead to spinal misalignment – this is natural. This maintenance program will help patients get back into alignment faster, thereby reducing the likelihood that they end up with chronic, painful conditions. This program consists of regular chiropractic adjustments, as well as the exercises and treatments that work best for each patients' unique needs, like continued massage and/or physical therapy.

In addition to chiropractic treatments and massages, Jochen Chiropractic & Wellness Center offers a wide variety of services to help their patients get out of pain and back on track. The services provided by the wellness center include but are not limited to acupuncture, cupping, sports therapy, laser therapy, skincare treatments, corporate wellness, and pre- and post-surgical treatments.
