

Roofing Contractor Serving Needham Massachusetts Earns Highly Positive Reviews

February 21, 2023

February 21, 2023 - PRESSADVANTAGE -

Mighty Dog Roofing Metro West Boston, a company based in Needham, MA, is proud to announce they have recently received highly positive reviews from satisfied customers. Currently, the roofing services company has an overall rating of 5.0 out of 5 stars on Google. The company provides home improvement and roofing needs. To ensure the provision of a quality solution for their clients, they work with the best manufacturers in the home improvement and roofing industry.

In one of the recent reviews, T.M. Pangia gave them a five star rating and said, "The company was extremely efficient, giving quick quotes and rapid response for discussions. They quickly initiated and completed their work, and worked professionally to not only complete the agreed upon services, but also identified and completed additional necessary work that if left uncompleted, would have resulted in long-term issues. Great company, great service." And in another recent five star review, Susan R. said, "Professional, efficient, thorough, clear, detailed, respectful and affordable. One of the best contractors I've ever worked with."

A spokesperson for Mighty Dog Roofing Metro West Boston says, "Whether we recommend repairing a small

leak or replacing the entire roof on your house, a licensed residential roofing contractor will review the options available to you with a detailed roofing estimate as if we were the homeowners involved. It is this honesty and integrity during our detailed inspections that our homeowners love and come to expect from Mighty Dog Roofing of Needham Massachusetts. We take pride in our quality materials and our customer service-focused Mighty Dog Team Members for their high-quality attention to detail, compassion, and personal neighborly advice when your safety is on the line. Rest easy knowing that the best residential roofing company Mighty Dog Roofing of Needham Massachusetts is coming to the rescue.?

There are a number of things that make their roofing services distinct from other service providers. First of all, they offer a drone sky view, which employs innovative technology to provide and ensure non-biased reporting. It is important to note that many insurance firms approve of this technology for claims inspections. And realtors prefer the kind of reporting they provide that makes sure the roof is in good condition before a sale. This report even includes weather data and it is most suitable for apartment complexes and homeowners associations. A second factor is their customer vault, which ensures safekeeping of the home's exterior information. This includes reports, photos, the products used, and their warranties. Third, they employ curb appeal visualizer technology where they use images of the home to design with before and after tools. This allows the client to try various color palettes before deciding on specific colors to be used. And all of the color and product info will be stored in the customer vault. And finally, all emergency calls are ready to be received 24/7/

In addition to quality roofing services, they also offer maintenance-free siding installations for the home. This is expected to significantly boost the home's curb appeal and market value. They want to emphasize that this service allows a homeowner to refresh the appearance of the home while also protecting the home from the elements.

They can also provide gutter installation services. They will install the correct type of gutter to comply with the client's needs and preferences. They can install seamless aluminum gutters, which are not only attractive but also provide a durable and cost-effective solution for avoiding leaks caused by storm damage, poor maintenance, or breakage. Seamless gutter systems can help prevent constant gutter repairs and monthly gutter cleaning.

Mighty Dog Roofing of Needham, MA, is owned and operated by husband and wife Anthony and Amy Munchak, who have deep roots in the community. They live just outside of Boston with their two daughters and Mighty Dog Millie. Anthony has an MBA, an MS in finance, and a CFA charter. He has more than 20 years experience as a successful portfolio manager in corporate finance and investment. And his aptitude for problem solving and surpassing customer expectations serves the roofing company well.
