

Roofing Contractor Serving Ponte Vedra Beach Earns Another Five Star Review

March 07, 2023

March 07, 2023 - PRESSADVANTAGE -

Mighty Dog Roofing, based in Ponte Vedra Beach, FL, is proud to announce that they have earned another five star review. This roofing contractor provides various kinds of services in Ponte Vedra Beach and surrounding areas, such as roof inspection, roof installation, roof repair, attic venting, gutter installation, and more. They are inviting homeowners and business owners to review the testimonials that their customers have been providing to get a better understanding of the quality of the services they provide.

In a recent review, Matthew N. gave them a five star rating and said, "Neil was great. He turned up on time, checked our roof and promptly returned a reasonable quote. He was never pushy like the other roofing companies. We had problems sourcing material but he was upfront about extra costs and we had it installed quickly. Our new roof looks amazing."

A major feature of the services they provide to clients in Ponte Vedra Beach and neighboring areas is their Drone Super Scan, which offers unbiased and objective inspections. They want to stress the importance of trust and accuracy when it comes to the inspection of the home's exterior.

A spokesperson for Mighty Dog Roofing says, "Our drone technology gives you verifiable and credible inspection information from the smart intelligence analytics it gives your home's professional inspections team. By setting the baseline health of your roof with our complete and thorough inspection, we keep your roofing service records and measurements, along with the history of any roofing repairs and replacement, locked away in your customer vault. This information will be unlocked every year so we can compare your last inspection with the current condition of your Ponte Vedra Beach Florida property."

The drone-assisted inspection to be provided by Mighty Dog Roofing of Northeast Florida will take a look at 25 items. These include: chimney inspection; inspection of valleys; inspection of skylights; inspection of storm damage caused by the wind; inspection of step and counter flashing; eaves and rakes inspection; aircon unit exterior inspection; hip and ridge inspection; roof edging inspection; attic inspection; inspection of roof sheathing or decking; soffits and fascia inspection; ventilation inspection; gutters inspection; plumbing stack inspection; drip edge inspection; inspection of furnace caps and pipes; window inspection; nail head inspection; inspection of siding; downspouts inspection; roof ventilation and exhaust system inspection; inspection of storm damage caused by hail; foundation drainage inspection; and inspection of gutter aprons.

They also offer the Customer Vault, which is where important information about the home's exterior of the client is stored. The first thing that they will store in this personal vault for each client is the drone-assisted inspection results. This personal storage will include inspection reports, products used, projects performed for the client, maintenance records, warranties, etc. This storage of information can be accessed easily by the client and Mighty Dog Roofing whenever there is a project to be undertaken or when there is a need for insurance claims processing or when the property is being offered for sale.

They also offer the Watchdog Maintenance service, which includes annual inspections. This is to make sure that any developing problems are detected as early as possible so that the appropriate fix can be provided before they become worse and require serious repair or even a roof replacement.

Mighty Dog Roofing of Northeast Florida is locally owned and operated by Neil and Kyla Mahoney. This dynamic husband and wife team have been a part of the Florida community for more than 40 years and are passionate about the diverse culture found in Jacksonville. They have many years of experience in the roofing industry with more than 10 years of establishing businesses from the ground up. They have the same "work hard play hard" attitude that they apply to their business.

Those who are interested in getting the services of a roofing contractor serving Ponte Vedra Beach Florida can check out the Mighty Dog Roofing website or contact them on the telephone. They are open 7:00 am to 8:00 pm, every day of the week.
