"I was somewhat hesitant because I've been with another mechanic for several years, but I couldn't be happier with my decision. George was extremely thorough and informative when I asked him questions. He gave me great advice and is genuinely a great guy. 100% worth doing business with him and will now be bringing my car to him in the future!"

Another customer says that the company offers, "High quality parts and low labor fees. The starter in my car failed, and I had to replace it at very short notice. George's was nearby, so I defaulted to his auto repair. After only four hours, my car was ready for pickup. I saw on the invoice that he used a high quality part for the replacement, and he also charged a modest labor fee. Very nice man, I don't see any reason to go to a different auto repair in the future."
