

Premier Kitchen & Bath Remodeling Offers Bathroom Remodeling in Arlington Heights

April 18, 2023

April 18, 2023 - PRESSADVANTAGE -

Premier Kitchen & Bath Remodeling, a home remodeling contractor based in Harwood Heights, IL, is offering their bathroom remodeling services in Arlington Heights. Arlington Heights is a suburb of Chicago and is a municipality in Cook County. They want to assure homeowners that they can provide design consultation and full-service bathroom remodeling services.

A spokesperson for Premier Kitchen & Bath Remodeling says, "We appreciate the critical importance of having a modern, cozy bathroom in your house. From seeking a budget-friendly way to enhance it or aiming for an entire remodel, our talented designers are here to assist you with making your dream bathroom come true. We will ensure that both necessities and desires are realized as you create your ideal sanctuary."

The spokesperson adds, "Our mission is to provide outstanding service that exceeds your expectations, which is why we utilize superior materials and cutting-edge techniques. With our advanced bathroom remodeling services, you can not only add value to your home but also create a tranquil haven where you

can escape the hustle and bustle of everyday life. Please take a look at our Google Maps page if you need directions to our office.?

They offer a range of bathroom remodeling services that are tailor-fitted to the budget, needs, and preferences of the client. Their team of remodeling experts will ensure that the project will flow smoothly and as stress-free as possible, from beginning to completion. They will be handling all of the details: from choosing the colors and lighting fixtures to the flooring materials and fixtures. They can also provide custom cabinetry choices for those who want unmatched designs for their bathroom.

They want to point out that whatever the kind of bathroom that is wanted by the client, functionality should be at the core of the bathroom remodeling project. They recommend the use of 2-inch drain pipes rather than the usual 1.5-inch pipes to ensure that the drain will not clog. It is also important to take into account the possible use of recessed lighting fixtures throughout the ceiling to brighten up the bathroom. A dimmer switch may be used to adjust the lighting and mood in the bathroom. It is also important to consider the use of the mirror in the bathroom and whether an aesthetic or functional lighting is preferred. The placement of medicine cabinets will also need to be considered. Having the medicine cabinet in a recessed space can save a few inches of space.

Founded in 2010, Premier Kitchen & Bath Remodeling is a certified remodeling company that specializes in residential home remodeling. They have more than 35 years of knowledge and experience when it comes to home improvement projects. One of their team members will help in guiding the homeowner every step of the way. They will also provide guidance when it comes to shopping for products and colors for a particular bathroom remodeling project. In addition, they will help the client with the bathroom design to help the client in visualizing the completed project. They have also partnered with several financing companies to help homeowners in the funding of remodeling projects.

The quality of their work is attested to by the five star reviews they have been receiving from clients. They currently have an overall rating of 5.0 out of 5 stars on Google. In a recent customer review on Google, Terry B. gave them a five star rating and said, "Their professionalism and expert services are unparalleled. They completed the job to perfection, leaving my home spotless and guaranteeing their work. Moreover, they assisted me in choosing the best products for my needs - I am immensely grateful for that."

When in need of bathroom remodeling Arlington Heights homeowners can check out the Premier Kitchen & Bath Remodeling website or contact them on the phone or through email. They are open from 8:00 am to 5:00 pm, from Monday to Friday; and from 9:00 am to 12:00 pm on Saturdays.
