Whether customers are looking to stock up on furniture for their office space or they are building a home office for remote work, PTI Office Furniture has everything they need to achieve their office décor goals.

The company's range of furniture offerings includes desks including L-shaped, corner, standing, and sit-stand desks, chairs including office chairs, ergonomic chairs, and executive chairs, filing cabinets including vertical and lateral filing cabinets, bookcases and shelving units, reception desks and counters, conference tables and chairs, cubicles and workstations, breakroom, and cafeteria furniture including tables, chairs, and appliances, printer stands and storage units, and much more.

“Regardless of how many hours you spend online shopping for furniture,” says the spokesperson for PTI Office Furniture, “there is no way to get a real feel for your purchase through pictures or 3D models. The soft cushioning, the sturdy build materials, the flexible adjustment mechanisms, the size, and the fit – these are just some of the tangible factors that go into making a furniture purchase decision and you are not going to get them online. As our motto says, you really have to see it to believe it. So, if you are looking to design an elegant and modern office space in New Jersey, come stop by our store in Ridgefield and experience our curated furniture selection for yourself, in person, as the manufacturers intended.”

PTI Office Furniture offers customers the benefits of its own in-house delivery and installation services. The company can provide affordable removal and disposal services for organizations upgrading their entire infrastructure. The retail location is open to all walk-ins with curbside pickup available and appointments can be scheduled upon the customer’s request. For large purchases, the furniture experts at PTI Office Furniture also offer in-office floor planning services, free of charge.

The company has also partnered with Ascentium Capital to offer fast and flexible financing of up to \$2 million. Most credit decisions are made within 1 to 2 hours and, for financing up to \$400,000, only an online application will suffice. Website visitors can use a simple calculator on PTI Office Furniture’s website to quickly calculate the estimated monthly payment based on the terms of the financing and the original amount.

The furniture store has been serving New Jersey and the surrounding tri-state area for over 37 years. PTI Office Furniture’s high-quality furniture, helpful customer service, and affordable product pricing have earned it an impressive overall rating of 4.5 out of 5.0 from over 80 reviews on its Google Business Profile.

One reviewer shares their customer service experience by saying, “Carlos Pérez & Team fast-tracked my office relocation in less than FIVE days. Furniture, assembly, and 6 AM delivery into Manhattan, and everything went smoothly! Cleaned up and the completed project was on time and under budget. This is unbelievable! This is my second time using this company and I highly recommend them!”

Another customer comments on the quality and long-term durability of PTI Office Furniture’s products by saying, “I bought furniture from this company 20 years ago. The furniture has stood the test of time. I purchased an oak desk and credenza. They are like “brand new”, still to this day. This is why I am going back after all these years to purchase office chairs. The service was great then and left a lasting impression on me and I am hoping to have the same experience again.”
