

Missouri City Tree Service Experts Unveils Unique Tree-Based Mural in Local Park

April 03, 2023

April 03, 2023 - PRESSADVANTAGE -

Missouri City, CA - Missouri City Tree Service Experts, in partnership with local artist Kelly Miller, has unveiled a unique tree-based mural in The Grove Park. Made from natural pigments derived from trees in the park, the mural is an artistic representation of the beauty and complexity of nature.

The idea for the mural began when Kelly Miller, a local artist, approached Missouri City Tree Service Experts CEO Dyllan Straly for help in creating her project. After some research, Dyllan's team discovered that natural pigments could be derived from trees and used to create a vibrant and beautiful mural. After receiving approval from the city council, Missouri City Tree Service Experts and Kelly Miller partnered up to make the project a reality.

"We are thrilled to have been allowed to work on this project and to see it come to life," said Dyllan Straly, CEO of Missouri City Tree Service Experts. "It has been an absolute pleasure to collaborate with Kelly Miller on this project and to use our expertise to bring this amazing vision to life."

Kelly Miller spoke of the excitement of working with Missouri City Tree Service Experts. "This was such a great experience, and I am so grateful to Missouri City Tree Service Experts for helping me bring my vision to life. Having the expertise of Missouri City Tree Service Experts at our disposal allowed us to create something extraordinary," she said.

The mural was created using pigments extracted from trees in The Grove Park and carefully blended by the Missouri City Tree Service Experts team. To ensure the mural would last for years, the team also devised a unique method of coating the mural with a transparent protective layer made from tree sap and beeswax.

The result is an impressive mural that celebrates the beauty of nature and serves as a reminder of how important trees are to the environment. "It was incredibly rewarding to see this project come together and showcase what can be achieved when we work together," said Dyllan Straly.

The mural will be served as one of several attractions in The Grove Park, which is set to open later this year. This new addition is hoped to be a source of inspiration and joy for visitors and locals alike.
