

Heart of Texas Party Rentals Waco, TX Offers More than Just a Bounce House

April 24, 2023

Waco, Texas - April 24, 2023 - PRESSADVANTAGE -

Heart of Texas Party Rentals Waco TX is a fast growing party supply company known for its vast inventory of bounce houses, but there's more to the company than fun jumps. In addition to their kid-friendly bounce houses, the company has a number of exciting bounce activities, including water slides, obstacle course, dry slides, character jumps, combo bounce houses, and fun interactive games.

"When it comes to bounce houses, we like to go bigger and better every year," says company rep Jonathan Rocha. "Our customers love seeing what sort of fun activities we come up with."

The company doesn't just stop at bounce houses. They offer an array of party needs, including concession rentals like snow cone machines and margarita machines. Tents, chairs, and tables along with napkins, plates and cutlery can all be rented from them. It's the company's goal to ensure that when it comes to parties, Waco residents trust Heart of Texas Party Rentals as their 1-stop shop.

"Event planning can be a cumbersome ordeal," Rocha states. "Instead of going to multiple stores for party supplies, Heart of Texas Party Rentals makes it easy for customers to get everything they need in one place."

Heart of Texas Party Rentals is great for any party type, including birthdays, graduations, promotions, work events, holiday parties, and more. While the majority of jumps are designed for children, they have some bounce activities that are fit for adults as well. They like to make sure they have something for everyone in the family, including kids and the kids at heart.

"We make it easy and convenient for our customers," says Rocha. "Once they book with us, they won't need to go anywhere else."

When it comes to setting up the party supplies, Heart of Texas Party Rentals have staff available to get set

up well before the party begins. Depending on the schedule, the event set up team will arrive anywhere between 1 - 3 hours before the event. They will also be there to break down and pack away when the party's over. Typical rental time is 4 hours, however, customers can increase their time for a fee.

?We get a lot of customers who want to extend their rental period, because once the party gets going, nobody wants to stop!? Rocha mentions.

One thing Rocha wants his customers to keep in mind is that measurements are key for a successful bounce house rental. The majority of their bounce houses are about 15 x 15, while others can be so large they weigh well over 650 pounds. Clients should measure their party space before booking to ensure the right sized bounce house is ordered. There should be enough space to drive stakes into the ground and to set up the blower with its power supply.

?If I had a dollar for everytime someone ordered a bounce house that was too large for their space, I'd be able to retire,? Rocha jokes. ?We also get a lot of customers who have tree lined yards, which can cause damage to the bounce house itself. It?s important that people are aware of the potential risks to damaging the rentals.?

Although headquartered in Waco, the company can serve clients in neighboring cities. There are delivery and gas fees associated with out-of-town parties. This is why when searching for the best bounce houses, tx, their name often comes up 1st on search engine results. To become the number 1 supplier of Bounce Houses Waco TX the company used a lot of grit and drive to get here. Rocha reflects on how far they've come saying, ?When we started, it was just a small group of event planners. Now we've grown to become Waco's premier party rental supply. We wear that badge proudly.?
