

Evergreen Building Maintenance Inc. Announces Expansion to White Rock, BC, And South East Calgary

June 29, 2023

June 29, 2023 - PRESSADVANTAGE -

Kelowna-based commercial cleaning company Evergreen Building Maintenance Inc. has announced it is expanding its operations to two new locations ? White Rock, BC, and South East Calgary.

Evergreen Maintenance has been offering daily and weekly cleaning and janitorial services throughout Western Canada for over 35 years having cleaned over 8 million square feet of commercial property area for its clients to date. Over the years, the company?s 250+ janitorial staff has provided commercial cleaning to more than 450 unique buildings in 23 different municipalities.

Now, with the latest announcement, the company is ready to bring its efficient, high-standard, and up-to-date cleaning services to even more clients across the region.

The CEO of Evergreen Building Maintenance, Ranjit Takhar shared the news by saying, ?Our mission is to be an effective, efficient, and sustainable company that is the best mid-sized service provider in Western Canada. The keys to our long-lasting success in the industry have undoubtedly been our reliance on the latest cleaning and sanitation techniques and equipment, our stringent work processes, and our long standing, highly experienced cleaning crews.

?When things don?t go the way they should, our dedicated support staff are available 24x7 to solve problems. They are a critical part of the team in building our company?s outstanding reputation. The new locations will help us bring all these advantages to even more business owners and facility administrators who want an impressive look in their offices, retail malls and commercial buildings to attract more customers and quality employees.

?For more information about our services in White Rock, visit <https://evergreenmaintenance.ca/white-rock-commercial-cleaning-and-janitorial-services.>

Apart from its brand-new locations, Evergreen Building Maintenance has offices in Cranbrook, Kamloops, Kelowna, Kootenays, Lake Country, Penticton, Vancouver, Vernon, and West Kelowna.

The company serves all kinds of commercial properties such as apartment buildings, auto dealerships, civic facilities, commercial plazas, educational institutions, government buildings, grocery stores, industrial tenants, medical offices, professional office spaces, recreational facilities, regional libraries, restaurants and bars, retail storefronts, shopping centers, strata complexes, and more.

The full range of commercial cleaning services offered by Evergreen Maintenance includes daily and weekly office cleaning, floor stripping and waxing, steam extraction carpet/upholstery cleaning, professional window cleaning, garbage and recycling removal, horizontal surface dusting, stainless steel cleaning and metal polish, paper shredding, washroom cleaning and sanitizing, property caretaking and management, parking lot maintenance, litter picking and snow removal, hot pressure washing, disinfection and sanitization, and entrance mat supply and maintenance.

For more information about the company's services in South East Calgary, visit <https://evergreenmaintenance.ca/south-east-calgary-commercial-cleaning-and-janitorial-services>.

Evergreen Maintenance is fully licensed and insured with staff members trained to read MSDS sheets and undergo safety training, including getting the WHMIS certification, before they are put on site. Top level security clearance cleaning crews are available for the highest security requirements of banks and government offices.

Employees are provided with training in the latest janitorial cleaning technologies to continually improve cleaning standards across the board, ensuring consistent and reliable service for the company's commercial cleaning clients.

Evergreen Building Maintenance prides itself on only using 'Green Cleaning' products that are either EcoLogo or Green Seal certified. Clients and staff can rest assured that Evergreen's cleaning products emit low or zero VOCs to protect those with allergies and health sensitivities.

Its floor finishing procedures are zinc-free, and the cleaning procedures produce fragrance and scent-free environments that meet air quality standards.

'Green Cleaning' certifications also ensure that the products have a negligible impact on the environment when they are disposed of, giving clients the full benefits of sustainable and environmentally sound cleaning practices.

Commercial property owners in Western Canada can get started with Evergreen Building Maintenance's services with a free demonstration. After an on-site visit, its technicians create a customized cleaning plan and schedule the services according to the client's budget and requirements.

Janitorial cleaning crews follow a comprehensive checklist and undergo ongoing supervision to ensure all tasks are performed as promised, consistently, every time.

The commercial cleaning services company has received tremendous praise from clients throughout the years for the professionalism of its crew members, the responsiveness of its customer service, and its wide array of affordable high-quality cleaning services. As a result, the company boasts a near-perfect overall rating of 4.9 out of 5.0 on its Google Business Profile.
