

Wood Flooring Takes Center Stage At AllFloors Trade Centre In Maidstone

November 27, 2023

Kent, England - November 27, 2023 - PRESSADVANTAGE -

UK based AllFloors Trade Centre - Maidstone is pleased to share that a wide selection of wood flooring options are available at their store. AllFloors Trade Centre proudly offers customers access to some of the most premium pieces in the region, available in a range of finishes and colours, and customers are warmly invited to their Maidstone location to browse every option in person.

"You will find," states a representative from AllFloors Trade Centre, "that few flooring options can match the timeless elegance and practical value of wood flooring. There is a reason that this type of flooring has been a mark of sophistication and beauty since time immemorial, and modern solutions can take this base value even further. If you want stability, longevity and a style that outlasts everything else in the room, come talk to our team and find the wood flooring that is best for you."

Wood flooring is notable for its ability to complement a diverse range of styles, lending the warmth and character of the natural world to virtually any room. This may be why many prefer wood flooring for common

areas that are meant to play host to guests ? its appeal is evident to all who visit the property, and warm tones tend to foster a more cosy, welcoming environment. The same benefits can be enjoyed in private rooms, however, and AllFloors Trade Centre has worked with many customers who installed wood flooring in their personal chambers.

As with anything of value, wood flooring does require some maintenance as time goes on, but the benefit of this is evident as well: wood gains character with age. This is also why customers consider wood flooring to be an investment, especially if they are homeowners. AllFloors Trade Centre offers a range of wood flooring options, such as oak, parquet and even engineered wood (among others), and customers can rest assured that their purchases can be installed by a professional team of fitters.

One five-star review of AllFloors Trade Centre labels them a, ?Brilliant company with professional, polite and hard working staff! Great job with quality flooring. Would definitely go there again and will recommend them.?

This is far from the only glowing review the store has received since opening. Other customers similarly commend the fitting team?s professional conduct and work ethic, especially in situations where onsite challenges required more effort than might have initially been expected. On the other hand, high praise is shared for the team who is most often a customer?s first point of contact with AllFloors Trade Centre ? the in-store staff who make themselves available to guide visitors throughout their purchasing journey.

AllFloors Trade Centre goes so far as to say their in-store staff play a vital role in the average floor-shopping experience, given that they are picked for their ability to help customers narrow down their choices (which is necessary, given how expansive the store?s selections are) and shares pertinent insights on making a final decision based on preference, a property?s existing decor and so on. Customers are encouraged to speak to a member of the AllFloors Trade Centre team at once if they have any questions during their visit.

?From start to finish I?m really pleased we chose AllFloors for all our flooring needs,? says another customer review, ?from the welcoming and knowledgeable staff in the showroom to the fitters who all went over and above and had great attention to detail. I?m really pleased with the quality of flooring chosen throughout and prices we paid. Communication from the team was very timely, and nothing was too much trouble. I would highly recommend AllFloors to anyone needing flooring from carpets to LVT, and I will definitely use them in the future.?

AllFloors Trade Centre strongly encourages shoppers to visit their Kent showroom to examine samples of all their offerings in person. The store makes it a point to give customers the chance to see and touch all options, which they say is necessary for anyone to make an informed purchase.

More information regarding AllFloors Trade Centre can be found on the store's official website. Customers may also get in touch via phone or email.
