Public Adjuster in Raleigh NC Offers Help with Property Damage Claim Processing

December 27, 2023

December 27, 2023 - PRESSADVANTAGE -

Intercoastal Public Adjusters Raleigh is pleased to announce they are ready to provide assistance to homeowners and other property owners in Raleigh, NC, and neighboring areas with regards to insurance claims processing for damages to property. They can work with all kinds of property claims such as hurricane, water damage, fire, appliance failures, damage from ice, pipe bursts, snow, and catastrophic events. They can also help with commercial claims, which needs professional navigation from public adjusters who understand the insurance policy.

A spokesperson for the company says, "We're here for you and your family. Our extensive experience in the areas of construction, roofing, insurance adjusting, restoration and public adjusting has shown us that there is a real need for education surrounding property damage insurance claims processing, especially in the wake of hurricanes like Harvey, Irma, Florence and Michael. Most people don't even know that you can hire your own representation when filing a property claim. We believe in education and would be happy to provide a free consultation to better understand your situation and guide you in any way we can."

They will navigate the whole claim process to make sure that clients are able to bring back their property to

its pre-disaster condition as efficiently and smoothly as possible. They offer homeowner catastrophic property loss claims service where they help expedite the process, relieve the stress, and get the client's life back on track. They take pride in the relationships they have developed with reliable professionals that allow them to help their clients.

They also offer help to homeowners associations through their commercial property damage policy indemnification service. Such commercial claims need professional navigation from a partner who is experienced and knowledgeable in navigating the confusion of an insurance policy. They will ensure that the client will fully be indemnified by the insurance company for the damages to the property of the homeowners association or business.

Intercoastal Public Adjusters Raleigh can also help with the appraisal process in disputed insurance claims. For those who have a dispute with their insurance carrier in North Carolina, the appraisal process may save the client time and money before litigation. Appraisal is a policy provision in the Loss Settlement section. It can be used as an alternate dispute resolution to resolve a disagreement between the insurance carrier and policyholder with regards to the amount of loss. It may be used as an alternative to filing a lawsuit. InterCoastal Public Adjusters can offer a free consultation to evaluate the client's claim and answer any questions.

They can also offer assistance for property owners or business owners in fire insurance claims. A fire can be one of the most traumatic events for the property owner or business owner. To make matters worse, fire claims are usually complex and difficult to navigate. Housing or business displacement, contents, mitigation, loss of income, and rebuild, are just a few of the items that have to be considered. Intercoastal Public Adjusters has already handled hundreds of fire claims across the country, which means they know what to look for in the client's insurance policy and how to correctly apply coverages to achieve the most beneficial claim settlement.

Intercoastal Public Adjusters was founded to assist homeowners and other property owners with their insurance claim for damages caused by a storm or hurricane or other catastrophic events. They have a lot of experience in roofing, insurance adjusting, construction, and restoration. Their public adjusters are all certified and capable of representing the interests of the policyholder during negotiations with the insurance company regarding claims. They can also offer help in properly estimating their losses, the costs of repairs, and proper settlement for the client. They can handle all kinds of property claims, such as: appliance failures, hurricane, fire, water damage, and damage due to ice, snow, and disastrous events.

Those who would like to know more about the insurance claims processing services offered can visit the

Intercoastal Public Adjusters Raleigh website or contact them through the phone or by email.
