Roebling Sporting Club, situated in the vibrant neighborhood of Williamsburg, Brooklyn, proudly announces the launch of its new spring menu, designed to accommodate a variety of dietary needs including vegan, vegetarian, and gluten-free options. Since opening its doors in 2013, Roebling Sporting Club (RSC) has established itself as not just a sports bar but a gastronomic destination where artisanal bar fare meets the excitement of live sports within a welcoming environment. This recent expansion of their menu underlines the establishment's commitment to elevating the typical sports bar experience and ensuring that each guest has a variety of options to choose from, regardless of their dietary preferences.

Much thought and care have been put into crafting the new spring menu at Roebling Sporting Club. It elevates everyday sports bar classics through a commitment to scratch-made, meticulously prepared dishes. The menu boasts an array of elevated pub favorites including homemade chicken wings, nachos, and a selection of sandwiches and burgers, served on freshly baked buns crafted on-site. Additionally, the menu introduces a variety of wholesome dishes and lighter, health-centered options that stand out for their versatility. Whether it's the fish and chips, steak frites, or an assorted selection of salads and bowls, the menu ensures everyone finds something to their liking. By integrating various vegan, vegetarian, and gluten-free

selections, Roebling Sporting Club broadens its appeal, ensuring dietary preferences or restrictions don't hinder anyone's experience. For a complete view of the offerings, you can visit the full menu at <https://roebblingsportingclubnyc.com/menu/>.
