

Geneva Motors Opens Used Car Mega Store for Southern California

December 30, 2015

December 30, 2015 - PRESSADVANTAGE -

Geneva Motors opened today, offering a used car mega store for the public in Los Angeles, the Inland Empire, Riverside County, San Bernardino County, San Diego Country and Orange County. Located in Montclair, between Pomona and Ontario, Geneva Motors has a large inventory of pre-owned cars and trucks. The company also buys used cars and helps car buyers arrange financing.

"If your dream is to own your own car, this is your place," says the owner. "We have a huge selection of different makes and models at a range of price points."

Geneva Motors was founded with the vision of offering world class customer service to accompany high quality vehicles at competitive prices. The company strives to avoid any sort of hassle or pressure for people who are considering buying a car. All cars are Carfax certified and fully inspected. The company's website, www.genevamotors.com, offers visitors a search function where they can enter the make, model and year of the car they are looking for and instantly see if any matching cars are for sale. The home page of the site features numerous special offers which are updated daily.
