

St. Johns Eye Associates Trunk Show Featuring LINDBERG Eyewear

May 21, 2024

Jacksonville, Florida - May 21, 2024 - PRESSADVANTAGE -

San Marco, FL, 5/21/2024 ? St. Johns Eye Associates has announced that they are to host a trunk show at their San Marco practice on Wednesday, May 22nd that will run from 10am to 5pm. The trunk show will feature eyewear from the line LINDBERG, noted for their quality, comfort, and innovation. With the announcement of their latest trunk show, St. Johns Eye Associates reaffirms their commitment to offering exceptional eyewear for their patients, featuring a focus on both design and quality that resonates with the multi-location practice?s ethos.

?This is such an exciting event for our community,? said Sharokh Kapadia, O.D., F.A.A.O., who is the head optometrist at St. Johns Eye Associates. ?I adore the principles behind Lindberg, with the emphasis on sophisticated minimalism that doesn?t sacrifice quality or innovation. We?re all looking forward to the event and seeing how patients incorporate the frames into their own style!?

The event will feature light refreshments throughout as well as LINDBERG swag bags. Attendees will have the chance to win one free LINDBERG frame with complimentary lenses during the raffles that are to be held. LINDBERG frames will also be on display for anyone looking to purchase.

LINDBERG was founded in 1986 by architect Henrik Lindberg and his father, optometrist Poul-Jørn Lindberg, marrying architectural design with comfortable eyewear. Each piece is made and designed in Denmark, with the line boasting ultra-lightweight frames and designs that do not require any screws or rivets in their construction. The brand also features responsibly sourced luxury materials like gold, platinum, titanium, buffalo horn, fine woods, and diamonds. The line has won numerous awards for their innovations in design and has been seen on many famous figures.

?I think our clientele will really feel seen with Lindberg eyewear,? continued Dr. Kapadia. ?It?s always nice to bring the community together, and Lindberg is truly unique. Their designs are ingenious and luxurious, which makes them a favorite for more discerning consumers. The flexibility and comfort is unmatched, and that?s not even touching on how durable these frames are. The sophistication of the designs is so unique and

understated that it makes you want to do a double take because of how delightfully unexpected it is.?

?We always want to bring our patients the exceptional,? added Dr. Kapadia. ?If you?re looking for an unseen level of craftsmanship in eyewear, our Lindberg May trunk show is definitely the place to be!?

All St. Johns Eye Associates locations are open and taking appointments for new and existing patients. St. Johns Eye Associates is equipped to deal with a number eye health services, including dry eye, myopia management, and neurolens.
