

Havelock Manor Announces Affordable Private Hospice Care for Dignified End-of-Life Services

July 02, 2024

July 02, 2024 - PRESSADVANTAGE -

Havelock Manor, an assisted living facility in Lincoln, Nebraska, has announced that they are now offering affordable, private hospice care services. These new services aim to provide high-quality end-of-life care for residents while ensuring they maintain their dignity and privacy. More information about this initiative can be found at their official website.

Unlike a typical Nursing Home where residents often have to share rooms and bathrooms, Havelock Manor addresses privacy and comfort. Many traditional facilities face issues with overcrowded conditions and high costs, making it hard for people to afford the care they need. With the new hospice care services, Havelock Manor offers each resident their own private room and bathroom, providing a comfortable and personal living environment at a fraction of the cost associated with traditional settings.

“By offering private rooms and bathrooms, we aim to significantly improve the quality of life for our residents,” said the Director of Nursing at Havelock Manor. “We understand how important it is for

individuals to have their own space, especially during the challenging times that come with hospice care. Our new services provide comfort and dignity in an environment that feels like home.

Havelock Manor's hospice care services are designed to be more affordable while also meeting the highest standards of care. The facility will continue to offer various supportive services, including professional meal preparation, daily bed making, housekeeping, laundry, and access to medical professionals like physicians, podiatrists, and massage therapists upon request.

A resident's family member shared their appreciation for the new services offered at Havelock Manor. "My mother felt at home immediately," said Jane Doe, whose mother recently moved into the facility. "The private room and personal bathroom might seem like small details, but they make a huge difference in her comfort and happiness. The staff here are incredibly dedicated, and the level of care she receives is unparalleled."

Havelock Manor is committed to the well-being of its residents and ensures that the new hospice care services meet high standards. With a dedicated team of healthcare professionals, the facility provides personalized and compassionate care, conducting regular evaluations to address any emerging needs promptly.

"Our mission has always been to offer a nurturing, respectful environment for our residents," commented the CEO of Havelock Manor. "The addition of affordable, private hospice care reinforces our commitment to providing comprehensive, quality care tailored to the unique needs of each individual."

Havelock Manor is located in the historic Havelock area, making it conveniently close to places like a movie theater, bank, grocery store, churches, and beauty shops. The facility's strategic location, combined with its personalized service model, makes it a great choice for those looking for a peaceful and supportive environment for their elderly family members.

With these new services, Havelock Manor continues to lead in providing care and support for the elderly in Lincoln. The facility's humane approach to hospice care sets a new standard in the field, one that other assisted living facilities may look to for inspiration.

For more information about these new hospice care services, or to schedule a visit, contact Havelock Manor at hello@havelockmanor.com or by phone at +14024642222. More details about the services provided can be found on their website.
